SAFETY DATA SHEET

1. IDENTIFICATION

**Product Identifier**

**Product Name**

**Recommended use of the chemical and restrictions on use**

**Recommended use**
Cleaner - vehicle exterior

**Restrictions on use**
For industrial use only

**Supplier details**

West Penetone Inc.
11411-160 Street
Edmonton, AB,
T5M3T7
Tel: 780-454-3919

**Emergency Telephone Number**
Canutec (613)-996-6666

2. HAZARDS IDENTIFICATION

**Classification**

<table>
<thead>
<tr>
<th>Skin corrosion/irritation</th>
<th>Category 2</th>
</tr>
</thead>
<tbody>
<tr>
<td>Serious eye damage/eye irritation</td>
<td>Category 2A</td>
</tr>
<tr>
<td>Reproductive toxicity</td>
<td>Category 1B</td>
</tr>
</tbody>
</table>

| Hazardous to the aquatic environment, acute hazard | Category 3 |

**Label Elements**

DANGER

**Hazard Statements**
Causes skin irritation
Causes serious eye irritation
May damage fertility or the unborn child
Harmful to aquatic life

**Precautionary Statements - Prevention**

Obtain special instructions before use.
Do not handle until all safety precautions have been read and understood.
Wash face, hands and any exposed skin thoroughly after handling.
Avoid release to the environment.
Wear protective gloves/protective clothing/eye protection/face protection.

**Precautionary Statements - Response**

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If eye irritation persists, get medical advice/attention.
IF ON SKIN: Wash with plenty of water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash it before re-use.
IF exposed or concerned: get medical advice/attention.

**Precautionary Statements - Storage**

Store locked up.

**Precautionary Statements - Disposal**

Dispose of contents/container to an approved waste disposal plant according to local, provincial/federal regulations.

4. FIRST AID MEASURES

Eye contact
Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.

Skin contact
Wash with plenty of water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash it before re-use.

Inhalation
If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel concerned or unwell.

Ingestion
Rinse mouth. Remove person to fresh air and keep at rest in a position comfortable for breathing. Do not induce vomiting unless directed by medical personnel. Call a POISON CENTER or doctor/physician if you feel concerned or unwell.

Most important symptoms and effects, both acute and delayed
Contact with eyes may cause stinging, tearing, redness, swelling, and blurred vision. Contact with skin may cause irritation with local redness. See Section 2 for possible delayed effects.

Indication of any immediate medical attention and special treatment needed
Treat symptomatically.

5. FIRE-FIGHTING MEASURES

Suitable Extinguishing Media
Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable Extinguishing Media
None.

Specific hazards arising from the chemical
During fire, gases hazardous to health may be formed including oxides of carbon, nitrogen, and sulfur and other irritating gases.

Protective Equipment and Precautions for Firefighters
As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures
Use personal protective equipment. Use appropriate containment to avoid environmental contamination.

Environmental Precautions
Avoid discharge into drains/surface waters/groundwater.

Methods and material for containment and cleaning up
Contain and solidify with inert absorbent materials. Keep in suitable, closed containers for disposal. Following product recovery, flush area with water. For large spills, stop flow of material, prevent product from entering drains, and pump off product where this is without risk and possible. Proceed as above.
7. HANDLING AND STORAGE

Precautions for Safe Handling

Handling
Avoid contact with skin and eyes. Do not handle until all safety precautions or special instructions have been read and understood.

Conditions for safe storage, including any incompatibilities

Storage
Store locked up away from incompatible materials.

Incompatible Materials
Acids, strong oxidizing agents

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Control parameters
No known exposure limits noted for ingredient(s).

Appropriate engineering controls

Engineering Controls
Under the intended modes of use, exposure control measures are not required.

Individual protection measures, such as personal protective equipment

Eye/face Protection
Under the intended modes of use, eye or face protection not normally required.

Skin and body protection
Under the intended modes of use, skin or body protection not normally required.

Respiratory Protection
Under the intended modes of use, personal respiratory equipment not normally required.

General Hygiene Considerations
Handle in accordance with good industrial hygiene and safety practice. Routinely wash work clothing to remove contaminants.

9. PHYSICAL AND CHEMICAL PROPERTIES

<td>LOWER: Not applicable</td>
</tr>
</tbody>
</table>

10. STABILITY AND REACTIVITY

Reactivity
Not reactive.

Chemical Stability
Stable under normal conditions.

Possibility of hazardous reactions
Under normal conditions of storage and use, hazardous reactions will not occur.
Conditions to Avoid
Store away from incompatible materials.

Incompatible Materials
Strong oxidizing materials, acids, amphoteric or light metals.

Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced. Thermal decompositions can lead to release of irritating gases and vapors such as oxides of carbon, nitrogen, and sulfur as well as other low molecular weight hydrocarbons.

11. TOXICOLOGICAL INFORMATION

Acute toxicity

</table>

Information on likely sources of exposure

- Serious eye damage/irritation: Causes serious eye irritation.
- Skin corrosion/irritation: Causes skin irritation.
- Ingestion: Expected to be a low ingestion hazard.
- Inhalation: Expected to be a low inhalation hazard.

Delayed and immediate effects and also chronic effects from short and long-term exposure

- Respiratory or skin sensitization: Not a sensitizer.
- Germ cell mutagenicity: None known.
- Carcinogenicity: None known.
- Reproductive toxicity: Fatty acids, C12-18, Me esters, sulfonated, sodium salts (CAS 149458-07-1) – 1B May damage fertility or unborn child
- STOT - single exposure: None known.
- STOT-repeated exposure: None known.
- Aspiration Hazard: None.

Symptoms related to the physical, chemical and toxicological characteristics
Eye irritation. Skin irritation. See Section 2 for further characteristics.

12. ECOLOGICAL INFORMATION

Ecotoxicity
If available, ecotoxicity values of individual components are shown below.

</tbody>
</table>

**Persistence and degradability**
- Expected to be potentially biodegradable

**Bioaccumulative potential**
- Accumulation in organisms is not to be expected.

**Mobility in soil**
- No information available

**Other adverse effects**
- Do not release untreated into natural waters. No other adverse environmental effects are expected.

### 13. DISPOSAL CONSIDERATIONS

**Waste Disposal Method**
- Dispose of in accordance with local regulations.

**Contaminated Packaging**
- Empty containers should be taken for local recycling, recovery or waste disposal.

### 14. TRANSPORT INFORMATION

**TDG classification**
- Not regulated

### 15. REGULATORY INFORMATION

- All ingredients are listed on the DSL

### 16. OTHER INFORMATION

**Preparation Date**
- 11 April, 2016

**Revision Date**
- not applicable

**Revision Note**
- not applicable

**Disclaimer**
- The information provided on this MSDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.
