

## **ADHERE CPM**

Chlorinated alkaline gel cleaner

**ADHERE CPM** is a unique chlorinated liquid alkaline product which forms a gel when diluted in water.

The gel permits the solution to adhere strongly to all surfaces to which it is applied.

**ADHERE CPM** characteristics allow a substantial soap and water saving.

## **FEATURES AND BENEFITS**

- Contains chlorine in the form of sodium hypochlorite
- Moderate caustic alkalinity
- · High foaming
- · Low viscosity when undiluted
- High performance product
- May be used in compressed air or manual foaming systems
- The gel solution clings strongly to surfaces over a long period of time

# DIRECTION FOR USE

**Use procedure** 

Manually remove a maximum of soil. Rinse surfaces with potable water, then apply a foam solution of **ADHERE CPM**. Allow to dwell, then rinse.

Concentration

0.1% to 4% (1 ml to 40 ml/litre of water), according to degree of soil.

**Temperature** 

Between 5°C and 60°C (41 to 140°F)

However, avoid preparing solutions in advance, especially when hot since the chlorine found in the solution will evaporate. For gel application, temperature should not exceed 40°C.

**Dwell time/Operation time** 

Between 5 to 25 minutes.

**Mechanical action** 

Scrubbing or brushing recommended.

Rinsing

Rinse surfaces thoroughly with potable water.

## **WAREHOUSING PRECAUTIONS**

Keep containers tightly closed in a dry, cool and well-ventilated place

## **AVAILABLE SIZES**

### **IMPORTANT**

Before using **ADHERE CPM**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

## **Eve contact**

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

## Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

## Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

#### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
