BISAN PLUS is an especially formulated no rinse alcohol and quaternary ammonium-based sanitizer. It is a ready to use, fast evaporating, product which leaves a protective ammonium quaternary film. **BISAN PLUS** is compatible with almost any surfaces.

FEATURES and BENEFITS

- Fast evaporation
- Low viscosity
- Easy to use
- Quaternary ammonium leaves a 200 ppm residual film

DIRECTION FOR USE

Use procedure	Spray or wipe undiluted on previously cleaned and rinsed hard, non porous surfaces that are hard and non-porous. Allow to drain and dry before re-use. Good for spot sanitizing on equipment, conveyors, gloves, hand tools, etc. Can be used on cold surfaces.
Concentration	As is
Use temperature	-10°C to 40°C (14°F to 104°F)
Rinsing	No rinse
Precaution	Flammable liquid. Avoid use where sparks, flames or high temperatures are present.

BISAN PLUS

READY-TO-USE SANITIZER

PHYSICAL PROPERTIES

Appearance	Clear colorless liquid
Odour	Alcohol
Specific gravity @ 20 °C	0.89
Viscosity	Low
pH	Not applicable
Flash point (TCC)	24°C
Phosphorus	No
Water solubility	Complete
Auto ignition temperature	N/D
Chlorine	None
Boiling point	Approx 95°C
Freezing point	< -40°C
Foaming tendency	Low foaming
Concentration monitoring techniques	Not applicable
Rinsing	Excellent

INCOMPATIBILITY

Strong oxidizers

WAREHOUSING PRECAUTIONS

Store away from sources of heat or sparks

FIRST AID MEASURES

EYE CONTACT

Wash with plenty of water for 15 minutes. Consult physician if irritation develops or persists.

SKIN CONTACT

Wash with soap and water.

INHALATION

Give fresh air or artificial respiration. Consult physician.

INGESTION

Do not induce vomiting. Drink plenty of water and contact physician.
