

CITRIKLEEN® CA 35

HEAVY-DUTY CLEANER & DEGREASER

CITRIKLEEN CA 35 is a liquid cleaner and degreaser specially designed with a higher content of dipentene for improved solvency and bulk degreasing in large-scale cleaning tasks.

CITRIKLEEN CA 35 is generally effective for all heavy duty degreasing tasks requiring the removal of uncontaminated and unbound petroleum-based materials from hard surfaces.

FEATURES & BENEFITS

- Utilizes the solvency and sustainability of dipentene
- Non-flammable
- Higher viscosity and solvency than **CITRIKLEEN**
- Reduces or eliminates the need for petroleum distillate based solvents
- Higher viscosity provides longer residence time on vertical surfaces
- Rinses effectively leaving no residue

DIRECTIONS FOR USE

Soils to be removed

Tar, grease, lubricants, bitumen residue, heavy oils, waxes, asphaltenes, etc.

Use procedure

Use **CITIRKLEEN CA 35** as part of a manual, low-pressure, high-pressure, or foaming application. For very thick accumulations, physically remove excess or loose deposits before application.

Concentration

Most effective when used undiluted. May be diluted with water at 1:4 to 1:30 in sprayers or 1:6 to 1:9 in foamers for immediate use with lighter cleaning tasks such as film removal or spot cleaning.

Dwell time / Operation time

When undiluted, 5 to 30 minutes, according to the amount of soil. When diluted, 1 to 3 minutes.

Mechanical action

Scrubbing or high pressure application and rinsing recommended for removing stubborn deposits.

Rinsing

Allow product to dwell before rinsing. High-pressure, hot water is recommended.

CITRIKLEEN® CA 35 HEAVY-DUTY CLEANER & DEGREASER

PHYSICAL PROPERTIES

Appearance	Clear, yellow liquid
Odour	Citrus/pine
Specific gravity @ 20°C	0.950-0.960
Viscosity	Not available
pH	9.5-10.5
Flash point (TCC)	47°C (117°F)
Boiling point	Approx. 100°C (212°F)
Freezing point	Not available
Auto ignition temperature	Not available
Foaming tendency	Moderate
Rinsing	Excellent
Water solubility	Forms stable emulsion

INCOMPATIBILITY

Acids, strong oxidizing agents

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
	20L	205L	1000L

IMPORTANT

Before using **CITRIKLEEN CA 35**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Ingestion

Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Wash with plenty of water. If skin irritation or rash occurs, get medical advice/attention. Take off contaminated clothing and wash it before re-use.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

PERSONAL PROTECTION
