CITRIKLEEN[®] HDC

Heavy-duty industrial degreaser

CITRIKLEEN HDC is versatile and highly concentrated industrial degreaser that is safe for a variety of metal surface cleaning applications.

It can be effectively applied in a range of applications including chemical circulation procedures in pipelines and vessels to cleaning of heavy industrial equipment such as commercial automobiles or automobile parts.

FEATURES & BENEFITS

- Utilizes the solvency and sustainability of terpene chemistry
- Water-emulsifiable and highly concentrated
- Rinses effectively leaving no residue
- Also effective for a variety of manual tasks including shop cleaning and dip tank applications

DIRECTIONS FOR USE

PROCEDURE #1

SURFACE TO BE CLEANED

Heavy industrial equipment such as mechanical shovels, mine grinders, trucks, tractors and heavily soiled floors. SOILS TO BE REMOVED

Heavy oils and grease, carbonized deposits, tar, used lubricants, soot from diesel motors.

7-11% v/v

Apply with a sprayer or with a brush or cloth. Rinse with water.

PROCEDURE #2

SURFACE TO BE CLEANED

Interiors of vessels, pipes, pipelines.

SOILS TO BE REMOVED

Oils, sludges, paraffins, asphaltines, hydrogen sulfide, N.O.R.M.S.

WATER DILUTION

Immersion circulation - 10% v/v. Cascade circulation - 10% v/v. Vapor phase injection - 10% v/v. Pigging - Neat to 20% v/w.

USE PROCEDURES

Immersion circulation Cascade circulationé Vapor phase injection Pigging

PROCEDURE #3

SURFACE TO BE CLEANED

Plant or workshop floors SOILS TO BE REMOVED Heavy oils and grease, used lubricants, rubber marks WATER DILUTION 7-11% v/v

USE PROCEDURE

Apply with a sprayer, brush or cloth. Scrub well then thoroughly rinse with hot water.

PROCEDURE #4

SURFACE TO BE CLEANED

Cleaning of small parts SOILS TO BE REMOVED Lubricating oils and grease WATER DILUTION

10% v/v.

USE PROCEDURE

Allow to soak in a parts washer containing a cold solution of **CITRIKLEEN HDC.**

Allow to soak for a longer period of time (up to 12 hours) when deposits are stubborn.

CITRIKLEEN[®] HDC Heavy-duty industrial degreaser

PHYSICAL PROPERTIES

| Appearence | Clear, amber liquid | INCOMPATIBILITY |
|---------------------------|----------------------------|--|
| Odour | Pine | Acids, strong oxidizing agents |
| Specific gravity @ 20°C | 0.950-0.955 | |
| Viscosity | < 10 cps | WAREHOUSING PRECAUTIONS |
| рН | 10.9-11.1 | Keen containers tightly closed in a dry |
| Flash point (TCC, COC) | 52°C (126°F), 68°C (154°F) | Keep containers tightly closed in a dry, cool and well-ventilated place |
| Boiling point | 100°C (212°F) | |
| Freezing point | Not available | AVAILABLE SIZES |
| Auto ignition temperature | Not available | |
| Foaming tendency | Moderate | |
| Rinsing | Excellent | |
| Water solubility | Forms stable emulsion | 10L 20L 205L 1000L |
| | | phosphate- |

IMPORTANT

Before using **CITRIKLEEN HDC**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Ingestion

Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Take off immediately all contaminated clothing. Rinse skin with water or shower. If skin irritation occurs, get medical advice/attention. Wash contaminated clothing before reuse.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/ physician if you feel unwell.

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/ physician.
