FOAM-EZE ULTRA

Alkaline foaming cleaner

FOAM-EZE® ULTRA is a super concentrated high foaming alkaline cleaner designed to dislodge food deposits that naturally cling to food processing equipment and resist high pressure hot water rinsing.

The recommended dilution is half that of similar products available in the industry. This results in better economy and produces less waste.

FEATURES AND BENEFITS

- Highly concentrated
- High foaming
- The foam clings strongly to surfaces over a long period of time
- Water soluble
- Non chlorinated
