

### **FOAM-EZE**

#### Foaming alkaline cleaner

**FOAM-EZE** is an alkaline, high foaming cleaner for accessible surfaces in agricultural and horticultural industries.

**FOAM-EZE** is a high performance product designed for very stubborn deposits such as debris dried over surfaces, organic deposits and other soils difficult to dislodge.

#### **FEATURES AND BENEFITS**

- High foaming
- Moderate alkalinity
- Water soluble
- Non-chlorinated
- · Highly efficient
- Low corrosion on soft metals such as aluminum, galvanized metals, bronze, etc.

## DIRECTION FOR USE

**Equipment to be treated** 

Walls, floors, ceilings and any other surface of agricultural and horticultural premises and equipment such as hatchery, barn, etc.

Soils to be removed

Deposits of animal and plant origin and other strongly adhered debris.

Use procedure

Once all food debris is removed, rinse surfaces with water and apply a foam solution of **FOAM-EZE** with appropriate equipment. Allow to dwell then rinse with water to remove all product residues.

Concentration

Solution may contain between 0.1% and 10% of the product.

**Temperature** 

Temperature may vary between 10°C and 70°C (50 and 158°F) when applied as foam.

**Dwell time/Operation time** 

Between 2 and 5 minutes.

**Mechanical action** 

For best results, scrub surface with brush or pad. Alternatively, a high-pressure rinse (400 psi or more) may also be used.

Rinsing

Rinse with high-pressure water before and after application.

#### WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

# AVAILABLE SIZES 4 X 4L 20L 205L 1000L

#### **IMPORTANT**

Before using **FOAM-EZE**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

#### FIRST AID MEASURES

#### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

#### Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

#### Inhalation

Remove person to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

#### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
