

FOAM-EZE

FOAMING ALKALINE CLEANER

FOAM-EZE is a high foaming alkaline cleaner designed for removing food deposits that cling to food processing equipment and resist high pressure hot water rinsing.

FEATURES AND BENEFITS

- High foaming
- Moderate alkalinity
- Water soluble
- Non-chlorinated
- Highly efficient

DIRECTION FOR USE

Equipment to be treated	Food processing equipment surfaces.
Soils to be removed	Food and organic deposits.
Use procedure	Manually remove a maximum of soil. Rinse surfaces with water and apply a foam solution of FOAM-EZE with appropriate equipment. Allow to dwell then rinse with water to remove all product residues.
Concentration	Between 0.1% and 4% (1 to 40 ml/l) according to degree of soil.
Temperature	Between 5°C and 60°C (41 to 140°F).
Dwell time/Operation time	Between 5 and 25 minutes.
Mechanical action	For best results, manually scrub surfaces.
Rinsing	Rinse food contact surfaces with potable water.
Reuse/recycling	Not possible.

FOAM-EZE

FOAMING ALKALINE CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, beige liquid
Odour	Faint detergent
Specific gravity @ 20°C	1.08
Viscosity	< 10 cps
pH	> 13
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Titration, electrical conductivity, refractive index
Rinsing	Excellent

INCOMPATIBILITY

Strong acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
4 X 4L	20L	205L	1000L

IMPORTANT

Before using **FOAM-EZE**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION

WHMIS
