Your cleaning
solutions resource

RESEARCH *and development...*

With over 100 years of manufacturing and product development experience, West Penetone Inc has developed and patented a number of products designed to satisfy the needs of its numerous clients throughout the world. Whatever cleaners, degreasers or degassing products may be required, we offer a broad range of products that meet the highest standards of safety and efficacy.

Concerned as we always are about environmental impact, we have introduced a new line of “green” cleaners and degreasers recognized by Environment Canada and displaying the EcoLogo.

Looking for a product to meet a specific need?

Our team of experts can develop products that will answer your requirements.

Implementation of chemical application procedures by our technical team allows you to carry out your cleaning operations while ensuring a safe environment.
