

PREMISE ACID

LOW-FOAMING ACID CLEANER

PREMISE ACID is a low-foaming acid cleaner, specially intended to remove mineral deposits in drinking water system in agricultural and horticulture premises (pigs, poultry, dairy, greenhouses, etc.).

FEATURES AND BENEFITS

- Low foaming liquid
- Mild odour
- Low viscosity
- Highly concentrated
- Very effective

DIRECTION FOR USE

Equipment to be treated	Water lines in agricultural and horticultural premises.
Soils to be removed	Mineral deposits and hard water scale.
Use procedure	Prepare a solution of PREMISE ACID and circulate in the cleaning system.
Concentration	Between 1% to 5% (10 ml to 50 ml/litre of water). Use 1% for continuous recirculation.
Temperature	Between 5°C to 70°C (60 to 158°F).
Dwell time/Operation time	8 to 16 hours. For continuous recirculation (C.I.P.) : 1 hour.
Rinsing	Rinse well with potable water.

PREMISE ACID

LOW-FOAMING ACID CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, red liquid
Odour	Odorless
Specific gravity @ 20°C	1.5
Viscosity	< 10 cps
pH	< 1
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	Non
Boiling point	100°C
Freezing point	Not available
Foaming tendency	Low
Concentration monitoring techniques	Electrical conductivity, titration
Rinsing	Excellent

INCOMPATIBILITY

Bases, bleach

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
4 X 4L	20L		

IMPORTANT

Before using **PREMISE ACID**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION

WHMIS
