

PREPODYNE® GEN

TOPICAL ANTISEPTIC SOLUTION

PREPODYNE GEN contains Povidone-iodine, a non-irritating skin antiseptic for pre and post-surgical application, as well as an anti-infective agent for general skin use.

PREPODYNE GEN is a complex of iodine in combination with polyvinyl-pyrrolidone, resulting in a product with extremely low toxicity/skin irritancy potential.

NPN: 80058697

FEATURES AND BENEFITS

- Immediate, effective microbicidal action
- Non-selective, lethal to a wide variety of organisms
- Colour indicates antiseptically treated areas
- Safe and pleasant to use
- Non-irritating

DIRECTION FOR USE

Techniques

Apply **PREPODYNE GEN** to clean dry skin using a suitable applicator. The area treated should be thoroughly wetted to insure complete coverage and penetration of the antiseptic.

Concentration

Use full strength in a pre- and post-surgical preparation or as an anti-infective agent for general skin use. May be covered with gauze, bandage or adhesive tape.

PREPODYNE® GEN TOPICAL ANTISEPTIC SOLUTION

PHYSICAL PROPERTIES

Appearance	Dark, reddish brown liquid
Odour	Iodine
Specific gravity @ 20°C	1.04
Viscosity	Not available
pH	5.5
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Not applicable
Rinsing	Excellent

INCOMPATIBILITY

Strong alkalis and oxidizers

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
12 X 946ml	4 X 4L		

IMPORTANT

Before using **PREPODYNE GEN**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice/attention.

Skin contact

Rinse skin with water.

Inhalation

Not applicable

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
