

PREPODYNE® HS

ANTISEPTIC SKIN CLEANSER

PREPODYNE HS is a microbicidal skin cleaner in a lathering base containing a Povidone-Iodine complex that helps reduce the microbial flora of the skin.

PREPODYNE HS produces a golden yellow lather that signals the destruction of various viruses, bacteria, fungi and yeasts.

PREPODYNE HS is intended for use as a skin antiseptic. It will not irritate or sensitize skin tissue. **PREPODYNE HS** may be used as a general hand washing agent and for pre- and post-operative scrub.

NPN: 80058768

FEATURES AND BENEFITS

- Will not sensitize skin
- Effective bacterial control
- Safe and pleasant to use
- Non-irritating

DIRECTION FOR USE

For pre-operative use

Place approximately 5 ml in palm of hand. Lather with water. Scrub with brush around nails, under nails and within nail and cuticle areas. Scrub entire hand and arm up to elbow and into elbow creases for 5 minutes. Rinse and repeat.

For general use

Wet hands with water. Pour approximately 5 ml in palm of hand and spread over both hands, rubbing thoroughly over all areas. Add a little water and develop suds. Rinse thoroughly under running water.

PREPODYNE[®] HS ANTISEPTIC SKIN CLEANSER

PHYSICAL PROPERTIES

Appearance	Dark, reddish brown liquid
Odour	Iodine
Specific gravity @ 20°C	1.03
Viscosity	Not available
pH	5
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Not applicable
Rinsing	Excellent

INCOMPATIBILITY

Strong alkalis and oxidizers

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
12 X 946ml	4 X 4L
