

RESEARCH *and development...*

With over 100 years of manufacturing and product development experience, the West Penetone family of companies has developed and patented a number of products designed to satisfy the needs of its numerous clients throughout the world. Whatever cleaners, degreasers or decontamination products may be required, we offer a broad range of products that meet the highest standards of safety and efficacy.

Concerned as we always are about environmental impact, we have introduced a new line of "green" cleaners and degreasers as well as super concentrated formulas for a dramatic reduction of packaging.

Looking for a product to meet a specific need? Our team of experts can develop products that will answer your requirements.

Implementation of chemical application procedures by our technical team allows you to carry out your cleaning operations while ensuring a safe environment.

Turnaround cleaners

Products

Description

Features and Benefits

PENBLITZ 688L
Liquid tower flush
compound

Highly concentrated liquid alkali cleaner designed for flushing out gas plant towers. PENBLITZ 688L is also effective for various types of vessel cleaning.

- Comprehensive product design does the job of caustic soda beads, but reduces the cost of other normal cleaning additives
- Good for removing iron sulphides and asphaltenes
- Contains chelating agents, great for stripping rust
- May be used in hot dip tank applications
- Capacity for scale and corrosion control

NEUTRO 7
Sludge & waste
neutralizer

Modified mineral acid blend designed specifically for treating and neutralizing spent solutions generated by turnaround cleaning processes.

- Concentrated mineral acid
- Will not produce odorous gases during neutralization

METASOL
Heavy duty alkaline
degreaser

High-foaming degreaser and metal brightener that was specially designed for fin fan cooling systems and heat exchangers.

- Phosphate free
- Low viscosity
- Industrial strength detergency
- Compatible with metallic and non metallic surfaces
- Non flammable and non volatile
- Leaves a "like new" shine on metal surfaces

ENVIROSOL
Heavy duty
citrus-solvent cleaner

Heavy duty citrus-solvent cleaner designed for a variety of applications. It removes stubborn deposits such as tar, bitumen, heavy crudes, and carbonaceous soils from a variety of surfaces.

- Pleasant odour
- Powerful and fast acting
- Does not freeze
- Leaves little to no residue
- Compatible with most metallic and plastic surfaces

RAMSOL
Heavy duty
solvent cleaner

Heavy duty solvent cleaner designed for a variety of applications. It removes the most stubborn deposits such as tar, bitumen, heavy crudes, and carbonaceous soils from a variety of surfaces.

- Aromatic penetrating solvent
- Powerful and fast acting
- Compatible with most metallic and non metallic surfaces

PENMUL R950T

Very similar to Ramsol without aromatic odors.

- Low aromatic fumes
- Suitable for inside use where fumes are a concern

ROC 40
Vessel cleaner &
degasification aid

Environmentally-safe vessel cleaner specifically designed to remove organometallic sludges and lower the concentration of acidic and explosive gases.

- Removes LEL, H₂S, benzene and residual sludges
- User safe and environmentally friendly
- Caustic, phosphate and solvent free
- High foaming, low viscosity, neutral pH
- Pleasant wintergreen fragrance
- Non flammable, non volatile

CITRIKLEEN CR34
Heavy duty degreaser

Citrus-based liquid degreaser specially designed with improved solvency for more aggressive cleaning. Effective for all heavy duty degreasing requirements.

- Easily emulsified in water
- Pleasant citrus odour
- Higher solvency than CITRIKLEEN
- Reduces/eliminates the need for petroleum distillate based solvents
- Compatible with most metallic and non metallic surfaces

CITRIKLEEN HD
Citrus-based
solvent degreaser

Completely biodegradable heavy duty citrus-solvent for the aerospace, pipeline & petroleum industries.

- Water emulsifiable solvent
- Its active ingredient is from a vegetable extract
- Mild and pleasant citrus odour
- Highly concentrated
- Contains no petroleum distillates or chlorinated solvent
- Corrosions tests done by independent US Air Force laboratories have shown CITRIKLEEN HD to be suitable for the cleaning of aircraft and aeronautic equipment
- Safe and pleasant to use
- Non-corrosive on most metals such as aluminum, magnesium, mild steel, cast iron, copper and cadmium.
