Detergents

PRODUCTS	FEATURES AND BENEFITS
DISHWASHERS	
TITAN PLUS	AUTOMATIC DISHWASHER DETERGENT TITAN PLUS is our premium low foaming liquid dish detergent for automated dishwashers & glasswashers. TITAN PLUS is designed for hard water conditions and eliminates water spotting and other problems associated with hard water.
ADVANCE	AUTOMATIC DISHWASHER DETERGENT ADVANCE is liquid detergent designed for use in automatic dishwashing machines. It eliminates water spotting and provides a rapid, streak-free shine even under hard water conditions.
POTS / PANS	
LEMON LITE	MANUAL LIQUID DISH DETERGENT LEMON LITE is an effective detergent for quickly cutting grease, foodstuffs, and grime from flatware, pots, pans and dishes while preventing re-deposition and remaining gentle on hands and skin.
PENBLITZ 300H	NEUTRAL PH FOAM CLEANER PENBLITZ 300H is a high foaming neutral pH liquid cleaner designed for the food services industry. It is used for cleaning equipment or areas that cannot tolerate corrosive products or in cases where the use of personal protective equipment is not desired. PENBLITZ 300H may also be used as a foaming additive or wetting agent in conjunction with regular cleaning products.
WEST POT & PAN ULTRA	PHOSPHATE - FREE DISH DETERGENT WEST POT & PAN CLEANER is a high foaming dish detergent designed for manual cleaning in the warewash industry. It is used for cleaning equipment or areas that cannot tolerate corrosive products or in cases where the use of personal protective equipment is not desired.

Pre-Soak

PRODUCTS	FEATURES AND BENEFITS
SUPERSOAK	A non-foaming detergent / sanitizer designed to loosen food stuff and soil from flatware, glasses, pots, pans and dishes in warm to hot water, prior to washing. SUPER SOAK is outstanding as a destainer for coffee mugs and tea cups.

Rinse aids/Sanitizers

PRODUCTS	FEATURES AND BENEFITS
DISHWASHERS	
RINSE DRI	AUTOMATIC DISHWASHER RINSE AID RINSE-DRI is liquid rinse additive designed for use in automatic dishwashing machines. It eliminates water spotting and provides a rapid, streak-free shine.
WEST CHLOR	AUTOMATIC DISHWASHER SANITIZER WEST CHLOR is a chlorine-based sanitizer for use in automatic dishwashing machines. Effective in both soft and hard water areas, it will also control the build-up of scale within the dishwasher.
RAPIDYNE	IODINE BASED DISINFECTANT/SANITIZER RAPIDYNE is designed especially for closed loop systems like glasswashers. RAPIDYNE promotes streak-free drying of glasses when used in a two product glasswashing system. If using the three sink method of glasswashing, add RAPIDYNE as directed to the third sink for proper sanitation.
CLEARLITE	AUTOMATIC GLASSWARE DISHWASHER SANITIZER CLEARLITE is a chlorine-based sanitizer for use in automatic glassware dishwashing machines. Effective in both soft and hard water areas, it will also control the build-up of scale within the glasswasher.
X-CEL SPOT FREE	ECONOMICAL AUTOMATIC DISHWASHER LIQUID RINSE AID X-CEL SPOT FREE is a carefully formulated rinse line additive designed to give the finishing touch needed on glassware, flatware and china. It eliminates water spotting, promotes rapid, streak-free drying and gives you the degree of perfection you constantly strive for. To be used as a rinse additive in all makes and models of dishwashing machines and through all forms of injectors, X-CEL SPOT FREE may also be added to the final rinse sink of a three sink, hand dishwashing operation, to produce a spot free finish to flatware, glasses, pots, pans and dishes.

Descalers

PRODUCTS	FEATURES AND BENEFITS
SCALEX 10	SCALE REMOVER SCALEX 10 is a low-foaming acid cleaner designed for removing various forms of scale without excessive pitting or corrosion.
FOAMCHEK	LOW FOAMING ACID CLEANER FOAMCHEK is a non-foaming acid cleaner, specially intended to dislodge calcium deposits (scale) in closed loop recirculating systems (C.I.P.). This includes: piping, tanks that are spray cleaned and pasteurizers. May also be used for descaling warewash equipment such as dishwashers and glasswashers.
PENBLAST BIO LF	ORGANIC ACID BASED DESCALER PENBLAST BIO-LF is a low foam acid descaling product. It contains organic acidic ingredients and no phosphorus. It is particularly useful for removing calcium deposits on equipment and surfaces.

Grease Trap

PRODUCTS	FEATURES AND BENEFITS
ENVIRO TRAP	BIOLOGICAL GREASE TRAP ADDITIVE Enviro Trap is a ready to use proprietary bio-formulation designed specifically to eliminate organic waste and unpleasant odours in grease traps, drain lines and sewage pits. Enviro Trap contains non pathogenic bacteria that digest and liquefy dead organic waste (grease, fat, food particles, blood). Unique bacteria convert organic matter to carbon dioxide and water.
PROZYME GT	BIOLOGICAL GREASE TRAP ADDITIVE PROZYME GT is a ready to use proprietary bio-formulation designed specifically to eliminate organic waste and unpleasant odours in grease traps and drain lines. PROZYME GT contains non-toxic, non-pathogenic bacteria that digest and liquefy dead organic waste such as fat, grease, proteins and other food-based particles.
