

## WEST ACID R

### LIQUID ACIDIFIER FOR DRINKING WATER

**WEST ACID R** is an acidifier for drinking water in agricultural premises. It is for cattle, swine and poultry. It contains one inorganic acid and two organic acids.

**WEST ACID R** is specially formulated for the best feed conversion ratio. **WEST ACID R** provides the appropriate pH for optimal animal health.

**Feeds Act Registration Number:**  
**982969**

### FEATURES AND BENEFITS

- Three acids: Phosphoric acid, lactic acid and formic acid
- High performance product
- Non-foaming
- Highly concentrated
- Animal health optimizer
- Better feed conversion

### DIRECTION FOR USE

#### Use procedure

Clean out water pipe with **PREMISE ACID** before applying **WEST ACID R**.

#### Concentration

**Stock solution:** Between 1 % and 5 % (10 ml to 50 ml/litre of water)

**Working solution:** With a metering pump use 1 part of stock solution with 100 part of drinking water (1:100).

#### Temperature

Avoid extreme temperatures.

# WEST ACID R LIQUID ACIDIFIER FOR DRINKING WATER

## PHYSICAL PROPERTIES

Appearance	Clear, red liquid
Odour	Acidic
Specific gravity @ 20°C	1.28
Viscosity	< 10 cps
pH	< 1
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	Non-foaming
Concentration monitoring techniques	Electrical conductivity, titration
Rinsing	Excellent

## INCOMPATIBILITY

Chlorinated and alkaline materials

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

## AVAILABLE SIZES

		
20L	205L	

## IMPORTANT

Before using **WEST ACID R**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

### Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

### Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

## PERSONAL PROTECTION
