

## WESTGEL

### ALKALINE, CHLORINATED GEL CLEANER & SANITIZER

**WESTGEL** is a chlorinated gel product. The gel allows the solution to adhere strongly to all surfaces to which it is applied.

Can be used as a sanitizer, cleaner or bleaching agent. Effective for removing protein deposits and organic soils.

### FEATURES AND BENEFITS

- Contains high chlorine concentration in the form of sodium hypochlorite
- Compatible with alkaline products
- Phosphate free
- Very high performance product
- The gel solution clings strongly to surfaces over a long period of time
- Very usefull as a bleaching agent

### DIRECTION FOR USE

**Use procedure** Manually remove a maximum of soil. Apply a solution of **WESTGEL**. Allow to dwell, then high pressure rinse.

**Concentration** 10% (100 ml/litre of water) to undiluted.

**Temperature** 10°C to 40°C (50 to 104°F).  
However, avoid preparing solutions too far in advance, especially when hot since the chlorine found in the solution will evaporate.

**Dwell time/Operation time** Between 5 to 25 minutes.

**Mechanical action** Scrubbing or brushing recommended.

**Rinsing** Rinse surfaces thoroughly with potable water.

# WESTGEL ALKALINE, CHLORINATED GEL CLEANER & SANITIZER

## PHYSICAL PROPERTIES

Appearance	Clear, light green liquid
Odour	Faint chlorine
Specific gravity @ 20°C	1.16
Viscosity	Not available
pH	> 13
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	Sodium hypochlorite
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Titration
Rinsing	Excellent

## INCOMPATIBILITY

Acids

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

## AVAILABLE SIZES

			
	20L	205L	

## IMPORTANT

Before using **WESTGEL**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

### Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

### Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
