

## WESTLUBE VI

### CONVEYOR LUBRICANT

**WESTLUBE VI** is a new generation of lubricant, especially designed to reduce friction on industrial conveyors.

**WESTLUBE VI** is particularly effective in dairies, breweries, soft drink makers and other conveyors found in the agri-food industry.

**WESTLUBE VI** is effective in either hard or soft water. In addition, **WESTLUBE VI** also contains a germicide to help control the growth of microorganisms such as bacteria and mold.

### FEATURES AND BENEFITS

- Low foam
- Non-corrosive
- Superior lubricification
- Water soluble
- Highly concentrated active ingredients
- Cleans while it lubricates
- Antistatic properties
- Leaves a bacteriostatic film on surfaces
- Neutral pH

### DIRECTION FOR USE

#### Techniques

Use with either an automatic or manual dilution system. Can be applied through an automatic spray system or through continuous or non-continuous injection. Apply directly to the surface to be lubricated.

#### Concentration

With an automatic dilution system, dilute **WESTLUBE VI** in water at a concentration between 0,1 % and 0,4 %.

# WESTLUBE VI CONVEYOR LUBRICANT

## PHYSICAL PROPERTIES

Appearance	Clear, yellow liquid
Odour	Detergent
Specific gravity @ 20°C	1.0
Viscosity	< 10cps @ 22°C
pH	6
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	Low
Concentration monitoring techniques	Refractive index
Rinsing	Good

## INCOMPATIBILITY

Strong oxidizers

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

## AVAILABLE SIZES

			
	20L	205L	

## IMPORTANT

Before using **WESTLUBE VI**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

### Skin contact

Rinse skin with water. Wash contaminated clothing before reuse.

### Inhalation

Not applicable.

### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
