DIN: 02012278

WESTOKLEEN is specially designed for manual cleaning and disinfecting of food handling and processing areas.

WESTOKLEEN leaves a pleasant fragrance after use.

FEATURES and BENEFITS

- Moderate alkalinity
- Quaternary ammonium compound sanitizer
- Moderate foaming
- Pleasant odour
- Cost efficient
- Safe for users and surfaces
- Does not attack mild metals or aluminum
- Powerful and rapid microbicidal action on many types of microorganisms such as bacteria, yeast and mold

DIRECTION FOR USE

Use procedure Physically remove all visible debris such as meat particles. Apply hot **WESTOKLEEN** solution with a pad, mop or trigger sprayer. Scrub surface then rinse with hot water using a hose, mop or cloth.

Concentration Between 1% and 3%.

Temperature 15°C to 60°C (59°F to 140°F).

Dwell time / Operation time If soils are stubborn, allow to dwell a few minutes before scrubbing and rinsing.

Mechanical action Scrubbing and high pressure rinsing is recommended.

Rinsing Rinse with water over 50°C.

Reutilisation/Recyclage Possible in immersion tanks.

WESTOKLEEN

PERFUMED DISINFECTANT CLEANER FOR MANUAL APPLICATION

PHYSICAL PROPERTIES

Appearance	Blue liquid
Odour	Perfumed
Specific gravity @ 20°C	1.05
Viscosity	11 cps
pH	11
Flash point (TCC)	None
Phosphorus	None
Water solubility	Complete
Boiling point	Approx. 100°C
Freezing point	Not available
Foaming tendency	Moderate
Rinsing	Excellent

INCOMPATIBILITY

Acids

WAREHOUSING PRECAUTIONS

Avoid freezing

FIRST AID MEASURES

EYE CONTACT

Wash with plenty of water for 15 minutes. Consult physician if irritation develops or persists.

SKIN CONTACT

Wash with soap and water.

INHALATION

N/D.

INGESTION

Do not induce vomiting. Drink plenty of water and contact physician.
