## WASH BAY - WAXES, DRYING AGENTS, SHINES

# ACCUSHINE VLP

VEHICLE INTERIOR DRESSING

enetone

**AccuShine VLP** is silicone-based protectant for the vinyl, leather and plastic surfaces inside motor vehicles. When used as directed, **AccuShine VLP** leaves a matte finish on vinyl, leather and plastic surfaces. **AccuShine VLP** protects surfaces from dust adhesion and fingerprint smudging.

For the best results, the surface should be cleaned with **AccuCLEAN VLP**, before applying **AccuSHINE VLP**.

## **FEATURES & BENEFITS**

- Durable silicone-based protectant
- · Leaves an attractive, non-glossy, matte finish
- · Reduces dust adhesion and smudging
- Protects surfaces for drying and cracking when exposed to sunlight for extended periods of time

## DIRECTIONS FOR USE

**Use procedure** Spray full strength **AccuShine VLP** onto surfaces then wipe with a clean, damp cloth to the spread polish evenly. Dilute before applying to leather and vinyl seats, to prevent any slippery feeling afterwards.

**Concentration** Full strength for vinyl and plastic surfaces except seats. Dilute 3:1 with warm or cold water before spraying on seats.

Dilute with warm or cold water as needed.

Use temperature

**Rinsing** Wipe area with a clean, damp cloth to spread polish evenly. No rinsing is needed.

### IMPORTANT

Before using **ACCUSHINE VLP** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

# FIRST AID MEASURES

#### Ingestion

Rinse mouth. Do NOT induce vomiting. Drink one or two glasses of water or milk. Call a POISON CENTER or doctor/physician if you feel unwell.

### Skin contact

Wash with plenty of water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

### Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention immediately.
