

## ACCUTERGE

### LIQUID VEHICLE CLEANER

**ACCUTERGE** is a high-foaming, mildly alkaline pressure washer detergent that formulated to remove road grime from vehicle surfaces. Its pH-balanced formulation ensures that it is gentle on skin and won't harm special automobile finishes, while maintaining its powerful cleaning capabilities. The mild alkalinity of **ACCUTERGE** makes it non-corrosive to glass and soft metal surfaces when used as directed.

This versatile, phosphate-free detergent is effective in both hard and soft water environments. Carwash operators who have installed water-softening equipment will achieve optimal performance with lower product concentrations.

### FEATURES & BENEFITS

- Mild alkalinity, making it safe for use on soft metals, surface coatings, and finishes
- Despite its low alkalinity, it remains an effective vehicle cleaner
- Phosphate-free formulation
- Can be used in pressure washing and foaming applications
- High foaming and easy rinsing
- Variable dilution rates for greater product flexibility

### DIRECTIONS FOR USE

<b>Use procedure</b>	Use <b>ACCUTERGE</b> as a high-pressure detergent, or foaming brush wash soap in wand wash truck or car wash applications.
<b>Concentration</b>	80:1 to 120:1 for foaming applications 200:1 to 1000 for high-pressure spray
<b>Use temperature</b>	Can be used in both hot and cold-water cleaning applications. For best results, hot water (50°C – 60°C / 120°F – 140°F).
<b>Rinsing</b>	High pressure hot water is recommended.

# ACCUTERGE LIQUID VEHICLE CLEANER

## PHYSICAL PROPERTIES

Appearance

Clear, orange liquid

Odour

Mild detergent

Specific gravity @ 20°C

1.020-1.040

Viscosity

Not available

pH

10.9 – 11.2 (10 % v/v in water)

Flash point (TCC)

None

Water solubility

Complete

Boiling point

Approx. 100°C (212°F)

Freezing point

Approx. 0°C (32°F)

Foaming tendency

High

Rinsing

Excellent

Concentration monitoring techniques

Electrical conductivity

## INCOMPATIBILITY

Strong oxidizing agents, acids

## WAREHOUSING PRECAUTIONS

Store away from incompatible materials  
Keep from freezing

## AVAILABLE SIZES

20L

115L

205L

1040L

## IMPORTANT

Before using **ACCUTERGE** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Ingestion

Do not induce vomiting unless directed by medical personnel. Rinse mouth with water and drink 1 or 2 glasses of water and call a POISON CENTER or doctor/physician immediately.

### Skin contact

Take off contaminated clothing and rinse skin with plenty of water. Get medical advice/attention. Wash any contaminated clothing before re-use.

### Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician.

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a doctor/physician immediately.
