

AccuCLEAN 656

MULTI-PURPOSE CLEANER

AccuCLEAN 656 is a versatile, neutral degreaser formulated to remove oily and greasy soils from hard surfaces with a pressure washer. This light-duty degreaser does not contain phosphates, harsh alkaline builders or glycol ether solvents that are usually found in comparable products. It is non-corrosive to all soft metals and alloys and will not damage glass, plastics, rubber or painted surfaces.

The surfactant package in **AccuCLEAN 656** is carefully crafted to ensure fast-breaking emulsions, allowing rapid separation of suspended oils and greases from water in the coalescer stage of water recycling systems.

FEATURES & BENEFITS

- Safe on soft metals, glass, plastic and specialty coatings
- Effective cleaning and degreasing with no harsh alkalinity or solvents
- Phosphate-free formulation
- Safe for all types of pressure washers and steam cleaners
- Compatible with the bacterial cultures used in wastewater treatment systems
- Moderate foaming action. Fast-breaking foam is ideal for water recycling systems

DIRECTIONS FOR USE

Use procedure

Apply the solution to the soiled area using a low-pressure sprayer, pressure washer, or a steam cleaner. Allow sufficient time to loosen tough soils. For particularly stubborn grime, a gentle brushing may be necessary.

Concentration

Full strength or 5:1 to 10:1 for presoak application or light-duty manual cleaning
200:1 to 500:1 for high-pressure washing and steam cleaning

Use temperature

Can be used in both hot and cold-water cleaning applications. For best results, hot water (50°C – 60°C / 120°F – 140°F) is recommended.

Rinsing

High pressure hot water is recommended.

ACCUCLEAN 656 MULTI-PURPOSE CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, colorless to amber liquid
Odour	Mild, detergent
Specific gravity @ 20°C	1.072-1.092
Viscosity	Not available
pH	7.0 – 8.0
Flash point (TCC)	Not applicable
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Not available
Foaming tendency	Moderate
Concentration monitoring techniques	Not available
Rinsing	Excellent

INCOMPATIBILITY

Strong oxidizing agents, acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away in a dry, cool, and well-ventilated place

AVAILABLE SIZES

			
205L			

IMPORTANT

Before using **ACCUCLEAN 656** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention immediately.

Skin contact

Wash with plenty of water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

Inhalation

If difficulties occur after mist, vapors, or spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Ingestion

Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.
