

ACID WASH 100

LOW-FOAMING ACID CLEANER

ACID WASH 100 is a low-foaming, inhibited acid cleaner designed for removing oxides, calcium deposits, stains, discolorations, and salts from weathered aluminum surfaces.

The added surfactant in **ACID WASH 100** promotes rapid surface wetting and uniform surface reaction to provide optimum surface brightening without localized pitting or corrosion.

FEATURES & BENEFITS

- Non-chelating blend of dilute mineral acids with added corrosion inhibitor
- Low foaming
- Mild odour
- Contains added surfactant for uniform surface wetting
- Safe and ready-to-use
- May be used in a low pressure foaming system
- Effective at ambient temperatures

DIRECTIONS FOR USE

- | | |
|----------------------------------|---|
| Use procedure | Use ACID WASH 100 as part of a low-pressure application. Most effective when used with soft water. Scour or brush stubborn deposits. |
| Concentration | Most effective when used undiluted.
For low-pressure spray maintenance applications, dilute at 12.5% v/v with water. |
| Use temperature | Effective in both hot and cold water. |
| Dwell time/Operation time | Allow to dwell 3 to 5 minutes before final rinsing. |
| Mechanical action | Low pressure application and rinsing recommended to remove stubborn deposits. |
| Rinsing | High pressure water is recommended. |

ACID WASH 100 LOW-FOAMING ACID CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, red liquid
Odour	Acidic
Specific gravity @ 20°C	1.042-1.092
Viscosity	Not available
pH	≤1.0
Flash point (TCC)	None
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Approx. -5°C (23°F)
Foaming tendency	Low
Rinsing	Excellent
Concentration monitoring techniques	Not determined

INCOMPATIBILITY

Strong or chlorinated alkali, amphoteric or light metals

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place, away from incompatible materials.

AVAILABLE SIZES

			
20L	205L		

IMPORTANT

Before using **ACID WASH 100**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION
