

More than 125 YEARS of service and innovation

A world leader in the creation of environmentally friendly cleaning products, West Penetone has earned the respect of many industrial sectors for its innovations, expertise and ability to solve the most difficult problems, regardless of the situation.

West Penetone products are used in such varied fields as the food, pulp and paper, petrochemical, transportation, printing, supermarkets and mining industries as well as in aerospace and military.

With its specific challenges and requirements, the food processing industry requires special attention. Our extensive experience of this environment has earned us an enviable reputation within the meat, dairy, bottling, food processing and fruit and vegetables industries.

Cleaning and Disinfecting Solutions for the **Food** Processing Industry

Prevention is KEY to ensure maximum protection of your installations.

Technical Services

- Operations evaluation
- Analysis of specific requirements
- Equipment installation, calibration and maintenance
- Costs analysis and follow-up
- Documentation and procedures support
- Scheduled follow-up visits
- Electronic Reports

Training

- Complete customized training for each employee. (Sanitation, maintenance, supervisors / foremen and quality control)
- Our ongoing training program ensures consistent and uniform safety standards

Equipment

We offer our customers cutting edge technology with reliable, easy to use chemical metering and application equipment fully tailored to your needs, thus ensuring optimum safety and reduced costs.

Exclusive Services

- Operational audits and detailed reports
- Biofilm detection and elimination
- Enzyme solution programs upon request

Alkaline Cleaners/Degreasers

Products	Description	Features & Benefits
ADHERE LINE	Our ADHERE PRODUCT LINE is a series of alkaline products. Each product's distinct features can provide solutions best suited for your installations.	<ul style="list-style-type: none"> • The "gel" formula clings to surfaces over a long period of time • High performance products
