

**Prevention is KEY to ensure maximum protection of your installations.**

## Technical Services

- Operations evaluation
- Analysis of specific requirements
- Equipment installation, calibration and maintenance
- Costs analysis and follow-up
- Documentation and procedures support
- Scheduled follow-up visits
- Electronic Reports

## Training

- Complete customized training for each employee. (Sanitation, maintenance, supervisors / foremen and quality control)
- Our ongoing training program ensures consistent and uniform safety standards

## Equipment

We offer our customers cutting edge technology with reliable, easy to use chemical metering and application equipment fully tailored to your needs, thus ensuring optimum safety and reduced costs.

## Exclusive Services

- Operational audits and detailed reports
- Biofilm detection and elimination
- Enzyme solution programs upon request

## Alkaline Cleaners/Degreasers

Products	Description	Features & Benefits
<b>ADHERE LINE</b>	Our ADHERE PRODUCT LINE is a series of alkaline products. Each product's distinct features can provide solutions best suited for your installations.	<ul style="list-style-type: none"> <li>• The "gel" formula clings to surfaces over a long period of time</li> <li>• High performance products</li> </ul>
