

# BIOCLEAN

## ENVIRONMENTALLY FRIENDLY PARTS WASHER SOLVENT

**BIOCLEAN** is non-flammable, VOC exempt solvent for parts washers with recirculation systems.

**BIOCLEAN** contains a low odor, synthetic solvent that demonstrates excellent solvency towards heavy oils, greases and asphaltene deposits.

**BIOCLEAN** leaves a thin water repelling, protective film on metal surfaces to inhibit flash rusting on exposure to moist air. **BIOCLEAN** has a good environmental profile and is biodegradable.

## FEATURES & BENEFITS

- Synthetic aromatic solvent with excellent solvency
- Good environmental profile, biodegradable
- Leaves a protective, water repelling film on parts to inhibit flash rusting
- Low odor, VOC exempt and high flash point > 90°C to improve operator safety

## DIRECTIONS FOR USE

### Use procedure

Parts should be soaked in **BIOCLEAN** until soils are loosened. Heavy soil may require vigorous brushing and spraying for complete removal. Cleaned parts should be drained and wiped or allowed to dry in air. Do not rinse with water.

The washer should be thoroughly cleaned prior to filling with **BIOCLEAN**. To maximize solvent life and maintain effective cleaning, filter or skim debris from the washer tank after each use. Spent solvent can be combined with other waste oils for disposal.

### Concentration

**BIO-CLEAN** should be used at full strength.

## PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	None
Specific gravity @ 20°C	0.86 – 0.92
Viscosity	Not available
pH	Not applicable
Flash point (TCC)	>100°C (212°F)
Water solubility	Insoluble
Boiling point	Not available
Freezing point	Not available
Foaming tendency	Low
Concentration monitoring techniques	Not available

## INCOMPATIBILITY

Strong oxidizing agents, acids

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed away in a dry, cool and well-ventilated place

## AVAILABLE SIZES

			
<b>20L</b>	<b>205L</b>		

## IMPORTANT

Before using **BIOCLEAN**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention immediately.

### Skin contact

Wash with plenty of water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

### Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

### Ingestion

Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician immediately.
