

BISAN

READY-TO-USE ALCOHOL-BASED SANITIZER

BISAN is a specially formulated no rinse alcohol-based sanitizer.

BISAN is ready to use with fast evaporation without living residual. It is compatible with almost any surfaces.

BISAN is perfect for places where water is not acceptable.

FEATURES AND BENEFITS

- Fast evaporation
- Low viscosity
- 70% alcohol solution
- Leaves no residue
- Easy to use
- Use without water
- Use at low temperature (-40°C)

DIRECTION FOR USE

Use procedure	Manually remove a maximum of soil. Apply as is on the surface to be cleaned either with a clean cloth or sprayer. Let evaporate completely. Make sure it doesn't leave any traces of product before use on food contact surfaces. Good for spot sanitizing on equipment, conveyors, gloves, hand tools, etc.
Concentration	As is.
Temperature	Room temperature.
Dwell time/Operation time	Until full evaporation.
Rinsing	No rinse.
Precaution	Flammable liquid. Avoid use where sparks, flames or high temperatures are present.

BISAN READY-TO-USE ALCOHOL-BASED SANITIZER

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Alcohol
Specific gravity @ 20°C	0.84
Viscosity	< 10 cps
pH	Not applicable
Flash point (TCC)	24°C
Water solubility	Complete
Auto ignition temperature	Not available
Chlorine	Non
Boiling point	95°C
Freezing point	< - 40°C
Foaming tendency	Non-foaming
Concentration monitoring techniques	Not applicable
Rinsing	Excellent

INCOMPATIBILITY

Strong oxidizing agents

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
4 X 4L	20L	205L	

IMPORTANT

Before using **BISAN**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Call a physician if irritation persists.

Skin contact

Wash with plenty of water. If skin irritation or rash occurs, get medical advice/attention.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Ingestion

Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.
