

## CITROSOL

### CITRUS-BASED COLD DEGREASER

**CITROSOL** is a cold degreasing solvent that is formulated with a blend of plant-based solvents and synthetic hydrocarbons.

**CITROSOL** quickly cuts through the heavy accumulations of industrial oils, grease, and asphaltene deposits. Its elevated viscosity allows **CITROSOL** to cling onto surfaces for an extended period ensuring longer contact times and better overall cleaning.

**CITROSOL** has a pleasant citrus odor and a high flash point making it safer and more pleasant to use than traditional highly flammable petroleum distillates.

### FEATURES & BENEFITS

- Can be diluted with water for light cleaning jobs
- Higher flash point than traditional solvent degreasers
- Pleasant citrus odor
- Moderate foaming and easy rinsing

### DIRECTIONS FOR USE

#### Use procedure

**CITROSOL** can be used at full strength for dried heavier deposits or may be diluted with water for lighter cleaning requirements. For greatest effectiveness it is best to clean with **CITROSOL** prior to water-based washing procedures.

#### Concentration

**CITROSOL** can be diluted with up to 5 to 10 parts water before application.

#### Dwell time/Operation time

Heavy deposits may require extended soaking times along with some brushing.

#### Use temperature

**CITROSOL** is ideal for cold degreasing applications. Do not use on hot surfaces.

#### Rinsing

Rinse thoroughly with high-pressure water as needed.

# CITROSOL CITRUS-BASED COLD DEGREASER

## PHYSICAL PROPERTIES

Appearance	Clear, yellow to brown liquid
Odour	Citrus
Specific gravity @ 20°C	0.867 – 0.885
Viscosity	Not available
pH	10 - 11
Flash point (TCC)	> 63°C (>145°F)
Water solubility	Emulsifies
Boiling point	Approx. 100°C (212°F)
Freezing point	Not available
Foaming tendency	Moderate
Rinsing	Excellent
Concentration monitoring techniques	Not applicable

## INCOMPATIBILITY

Strong oxidizing agents, acids

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed away in a dry, cool and well-ventilated place

## AVAILABLE SIZES

			
<b>20L</b>	<b>205L</b>	<b>1000L</b>	

## IMPORTANT

Before using **CITROSOL**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention immediately.

### Skin contact

Wash with plenty of water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

### Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

### Ingestion

Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician immediately.
