RESEARCH
and development...

With over 100 years of manufacturing and product development experience, West Penetone Inc has developed and patented a number of products designed to satisfy the needs of its numerous clients throughout the world. Whatever cleaners, degreasers or decontamination products may be required, we offer a broad range of products that meet the highest standards of safety and efficacy.

Concerned as we always are about environmental impact, we have introduced a new line of “green” cleaners and degreasers recognized by Environment Canada and displaying the EcoLogo.

Looking for a product to meet a specific need?

Our team of experts can develop products that will answer your requirements.

Implementation of chemical application procedures by our technical team allows you to carry out your cleaning operations while ensuring a safe environment.

INDUSTRIAL LAUNDRY

XTREME LAUNDRY
 Powdered detergent

Low phosphate, heavy duty powdered detergent designed to remove the toughest stains from work wear in industrial laundry settings.

- Low foaming
- Highly effective degreasing properties

DEGREASERS

PRODUCTS	DESCRIPTION	FEATURES AND BENEFITS
CITRIKLEEN CR34	Our fastest penetrating CITRIKLEEN; penetrates through clay and other soils to lift and degrease faster and better than ever before. Designed specifically for industrial wash bays and heavy industrial areas.	<ul style="list-style-type: none"> • Non-flammable • May be used on hot surfaces • Rinses effectively leaving no residue
CITRIKLEEN HD	A highly concentrated degreaser and carbon remover that is safe for a variety of metal-based surfaces. Removes heavy oils and grease, carbonized deposits, tar, lubricants, etc. Also available in a gel formula.	<ul style="list-style-type: none"> • Corrosion data available for a variety of metals • Versatile application methods • Highly concentrated
CITRIKLEEN XPC	A high-performance liquid degreaser with the higher content of d-limonene for improved solvency and bulk degreasing in the most aggressive cleaning-tasks	<ul style="list-style-type: none"> • Water emulsifiable • Free of petroleum by-products
ENVIROGEL	Heavy duty solvent-gel cleaner. ENVIROGEL removes stubborn deposits such as tar, bitumen, heavy crudes, and lighter soils while clinging to surfaces and providing increased residence time for improved soil removal.	<ul style="list-style-type: none"> • Free of aromatic solvent • Powerful and fast acting

WASHBAYS

PRODUCTS	DESCRIPTION	FEATURES AND BENEFITS
ACTION	ACTION is a liquid cleaner designed for improving wash-bay environments while remaining highly effective and safe for road-film removal, general vehicle exterior cleaning, and vehicle finish restoration.	<ul style="list-style-type: none"> • No VOC's • Near-neutral pH
AS LIQUID	AS LIQUID is a high pH, industrial strength degreaser designed to provide rapid dispersion and removal of heavy oils or greases, soils, and other organic materials found in a variety of applications including wash-bay or shop degreasing to steam cleaning.	<ul style="list-style-type: none"> • High foaming • Contains no phosphates or solvents
CYCLONE	CYCLONE is an exceedingly versatile, mild alkaline cleaner and degreaser designed to remove a multitude of grease or oils, dirt, debris, and residues safely from a variety of surfaces ranging from vehicle exteriors in wash-bays to fabrics in laundry settings.	<ul style="list-style-type: none"> • Phosphate free • Versatile application methods • Safe on aluminum
EVERGREEN LIQUID	EVERGREEN LIQUID is a high-performance liquid alkaline cleaner designed for more demanding environments such as high-traffic volume or truck wash-bays. It removes a multitude of dirt, debris and residues to restore vehicle exteriors to their original finish.	<ul style="list-style-type: none"> • High foaming • Combats hard-water deposits
EVERGREEN POWDER	EVERGREEN is a 100% active, high-performance powdered alkaline cleaner with no inert ingredients or fillers. Its rapid solubility and water conditioning properties lead to rapid dispersion and removal of road-film, dirt, debris, and residues to restore any vehicle exterior to its original, spot-free finish.	<ul style="list-style-type: none"> • Safe for all vehicle finishes and surfaces • Contains no harsh alkali ingredients

ACIDS

PRODUCTS	DESCRIPTION	FEATURES AND BENEFITS
TETRAGARD	Heavy-duty acid cleaner designed for removing bulk concrete and heavy oxide scale deposits. For use on vehicles and equipment fouled with concrete or for use in lines, fixtures, and vessels containing heavy oxide scale.	<ul style="list-style-type: none"> • Very rapid action • High acid strength
TETRAGARD ULTRA	Non-fuming, non-oxidizing, readily biodegradable acid cleaner designed for removing concrete and scale without excessive pitting or corrosion.	<ul style="list-style-type: none"> • Odorless • Readily biodegradable
SCALEX 10	Low-foaming acid cleaner designed for circulation procedures requiring the removal of various forms of scale in such equipment as heat exchangers, steam lines, boiler elements, etc.	<ul style="list-style-type: none"> • Low foaming liquid • Provides rapid scale dissolution
WEDAC	WEDAC is a high foaming acid cleaner. It is designed to remove scale, rust, restore oxidized aluminum surfaces and prime metallic surfaces for painting.	<ul style="list-style-type: none"> • Effective on many types of metal • Safe for foaming equipment

PART WASHERS

PRODUCTS	DESCRIPTION	FEATURES AND BENEFITS
PENBLITZ 536L	Very low foaming aqueous cleaner formulated specifically for parts cleaning in spray booth application. Its concentrated formula easily removes cutting and rust prevention oils leaving a film free surface.	<ul style="list-style-type: none"> • Safe on aluminium and soft metals • No VOC's
TPC SOLVENT	Highly refined odorless petroleum solvent that replaces such materials as kerosene and other mineral spirits in manual and spray-cleaning applications.	<ul style="list-style-type: none"> • Releases no toxic vapours • Low VOC product
