

More than 140 YEARS
of service and innovation

West Penetone's mission is to provide disinfectants and cleaners that meet the highest standards in the industry.

To achieve this, West Penetone has considerably invested in R & D in order to stay at the forefront of market trends while responding to new safety and environmental requirements.

We offer an innovative solution consistent with the high standards for product performance, workers safety, respect for the environment and the optimization of chemical program costs.

West Penetone products are used in such varied fields as the food, pulp and paper, petrochemical, transportation, printing, supermarkets and mining industries as well as in aerospace and military.

HAND SANITIZER

PURZEN

PURZEN is an instant gel hand sanitizer. Its main active ingredient is 72% v/v ethanol, in a formulation that provides a rich, non-sticky, quick-drying gel. PURZEN is made from pharmaceutical grade alcohol, it is therefore safe on skin and has a pleasant scent. PURZEN leaves the hands clean, smooth and refreshed.
