

## OVER 140 YEARS OF SERVICE AND INNOVATION

West Penetone brings more than 140 years of experience in cleaning and sanitation across multiple industry sectors. West Penetone has made significant investments in R&D to remain at the forefront of the market while meeting new safety and environmental requirements.

We offer an innovative solution that complies with standards related to the performance and safety of finished products, employee safety, environmental responsibility, and the optimization of chemical program costs.

Water treatment is no exception, as with the acquisition of AccuChem in 2022, the full expertise of that company in this field has joined the West Penetone family.

Beyond products, West Penetone delivers the highest level of service. Advisors who listen to your needs and concerns and who anticipate rather than simply react.

### DOSAGE / CONTROL EQUIPMENT

#### WATER TREATMENT CONTROLLERS

Precise monitoring and control

#### CHEMICAL PUMPS

Precise chemical dosing

## A complete and high-performance product line for WATER TREATMENT

## STEAM BOILERS

-  **VAP AM**  
*All in one treatment with amine*
-  **VAP CB**  
*Sludge conditioner*
-  **VAP CL25, VAP CL50**  
*Liquid caustic (25%, 50%)*
-  **VAP COMBI**  
*All in one treatment without amine*
-  **VAP F**  
*Sludge conditioner / Scale inhibitor*
-  **VAP OXY**  
*Alkaline oxygen scavenger*
-  **VAP PDR**  
*Powdered oxygen scavenger*
-  **VAP PLUS**  
*Concentrated oxygen scavenger*
-  **VAP TR220, VAP TR240**  
*Condensate return treatment / 2 amines*
-  **VAP TR300**  
*Condensate return treatment / 3 amines*

## COOLING TOWERS

-  **CTR BIO PLUS**  
*Halogen-resistant scale/corrosion inhibitor*
-  **CTR BRONO**  
*Non-oxidizing biocide: Bronopol*
-  **CTR CHLORE**  
*Chlorine-based oxidizing biocide*
-  **CTR DBNPA**  
*Non-oxidizing biocide: 20% DBNPA*
-  **CTR ISO**  
*Non-oxidizing biocide: 1.5% Isothiazolin*
-  **CTR PASS**  
*Passivating agent for galvanized steel*
-  **CTR POC BR**  
*Oxidizing biocide tablet: BCDMH bromine*

## CLOSED LOOPS

-  **BCL FLUO**  
*Green corrosion inhibitor with fluorescent tracer*
-  **BCL MOLY**  
*Molybdate-based corrosion inhibitor*
-  **BCL SILI**  
*Silicate-based corrosion inhibitor*

## CLEANING/CORRECTIVE CHEMICALS

-  **NET ACIDE 35%**  
*Reduce pH: Sulfuric acid*
-  **NET AZOLE**  
*Brass and copper protection, Tolytriazole 50%*
-  **NET BORAX**  
*Increase pH: Sodium Borate*
-  **NET CITRIX**  
*Iron/limescale cleaning: Citric/phosphoric acid*
-  **NET DISPO**  
*Dispersion of organic deposits*
-  **NET FER**  
*Gentle cleaning of iron oxide and limescale*
-  **NET UX**  
*Limescale removal: Hydrochloric acid urea/inhibitor*
