

BIO-LOGIC

Food and beverage industry accepted

ENVIRO-TRAP is a ready-to-use proprietary bioformulation designed specifically to eliminate organic waste and unpleasant odours in grease traps, drain lines and sewage pits. **ENVIRO-TRAP** contains non pathogenic bacteria that digest and liquefy dead organic waste (grease, fat, food particles, blood). Unique bacteria convert organic matter to carbon dioxide and water.

FEATURES and BENEFITS

- Ready-to-use
- Environmentally friendly
- Non staining
- Significantly reduces the need for grease trap pump outs
- Pleasant fragrance – eliminates disagreeable odours
- Superior grease biodegradation which outperforms other competitive formulations
- No effect on PVC / plastic piping
- Converts organic matter into carbon dioxide and water

DIRECTIONS FOR USE

Use procedure

GREASE TRAP

ENVIRO-TRAP can be poured manually into the trap or injected with an automatic dispensing system. Dosage may vary depending on the size of the trap and soil load. Rate for a typical grease trap is 20 doses per day at 15 ml per dose. Best results will be achieved if air is added to the trap by inserting an airline directly into the trap. If injecting with an automated system insert the tube after the "P" trap and inject product either just before the trap or directly in the grease trap.

DRAINS

Dilute product 50:50 with water. Pour diluted product at a rate of 400 ml/day directly into the drain.

NOTE: **ENVIRO-TRAP**'s efficacy can be reduced in pH conditions under 5 or over 9.8

Used in the food industry, in agricultural and horticultural premises, and for other industrial uses.

ENVIRO-TRAP

BIOLOGICAL GREASE TRAP ADDITIVE

PHYSICAL PROPERTIES

Appearance	Opaque blue liquid
Odour	Herbal
Specific gravity @ 20°C	1.0
Viscosity	Thick
pH	7 - 7.8
Water solubility	Complete
Bacterial count	> 14.5 X 10 ⁷ cfu/ml
Chlorine	None
Boiling point	Approx. 100°C
Freezing point	N/A
Flash point (TCC)	None
Bacteria type	Blend of bacillus micro organisms

INCOMPATIBILITY

Oxidizers, sanitizers

WAREHOUSING PRECAUTIONS

Keep from freezing

FIRST AID MEASURES

EYE CONTACT

Wash with plenty of water for 15 minutes.

SKIN CONTACT

Wash with soap and water.

INHALATION

Not applicable

INGESTION

Do not induce vomiting. Drink 1 to 2 glasses of water and contact physician.

HEALTH

0

FLAMMABILITY

0

REACTIVITY
