

## ENVIRODET

### ALKALINE DEGREASER

**ENVIRODET** is versatile, phosphate-free cleaner and degreaser designed to tackle a wide range of oily and greasy industrial soils found on walls, floors, oil rigs and other hard surfaces. **ENVIRODET** easily removes diesel exhaust and smoke stains found on workshop or wash bay walls.

**ENVIRODET** is particularly effective for cleaning fin-fan coolers and heat exchangers found in gas plants. In these specialized applications the most efficient results are obtained when using foam application methods.

### FEATURES & BENEFITS

- Highly active formula
- High foaming and easy rinsing product
- Safe for all types of pressure washers and foamers
- Phosphate-free
- Versatile; suitable for cleaning walls, floors, equipment and motor vehicles
- Very effective for cleaning fin-fan coolers

### DIRECTIONS FOR USE

#### Use procedure

Apply the solution to the soiled area using a low-pressure spray or foam applicator. Allow sufficient time to loosen tough soils. For particularly stubborn grime, a gentle brushing may be necessary. Rinse surface thoroughly with water. To prevent damage, do not allow **ENVIRODET** solution to dry on glass, soft metal, or painted surfaces.

#### Concentration

5:1 to 10:1 for heavy-duty degreasing and foaming applications  
 100:1 for cleaning glass or painted surfaces  
 Full Strength as required for heaviest applications

#### Use temperature

Can be used in both hot and cold-water cleaning applications. For best results, hot water (50°C – 60°C / 120°F – 140°F) is recommended.

#### Rinsing

High pressure hot water is recommended.

# ENVIRODET ALKALINE DEGREASER

## PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Mild, detergent
Specific gravity @ 20°C	1.075-1.095
Viscosity	Not available
pH	12.0– 13.0 (10% v/v solution in water)
Flash point (TCC)	None
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Approx. 0°C (32°F)
Foaming tendency	High
Concentration monitoring techniques	Electrical conductivity, titration
Rinsing	Excellent

## INCOMPATIBILITY

Strong oxidizing agents, acids

## WAREHOUSING PRECAUTIONS

Store away from incompatible materials  
Keep from freezing

## AVAILABLE SIZES

			
<b>20L</b>	<b>205L</b>	<b>1000L</b>	

## IMPORTANT

Before using **ENVIRODET** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Call a POISON CENTER or doctor/physician immediately.

### Skin contact

Take off contaminated clothing and rinse skin with plenty of water. Get medical advice/attention. Wash any contaminated clothing before re-use.

### Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician.

### Ingestion

Do not induce vomiting unless directed by medical personnel. Rinse mouth with water and drink 1 or 2 glasses of water and call a POISON CENTER or doctor/physician immediately.
