SOLVENT DEGREASERS

ENVIROSOL PLUS

Second generation solvent cleaner & cold degreaser

ENVIROSOL PLUS is a second generation high-performance cold degreaser that utilizes the solvency and sustainability of d-limonene as a replacement for aromatic solvents such as xylene or toluene.

It removes a multitude of soils for a variety of cold degreasing applications in the oilfield, manufacturing, mining, and printing industries.

FEATURES & BENEFITS

- Free of aromatic solvents such as xylene or toluene
- Utilizes the solvency and sustainability of d-limonene
- Thixotropic formula available with ENVIROGEL
- Powerful and fast acting
- Does not freeze
- Rinses effectively leaving little to no residue
- Removes a multitude of soils including petroleum-based materials, adhesives, inks, and other water-insoluble deposits such as waxes
- Safe on all metal and painted surfaces

DIRECTIONS FOR USE

Soils to be removed	Tar, grease, lubricants, adhesives, bituminous residue, heavy oils, waxes, asphaltenes, etc.
Use procedure	Use ENVIROSOL PLUS as part of a manual or low-pressure application to reduce the production of aerosols or vapors as well as the spread of soils and liquid product. May also be used as an additive in dip tank applications. Capture applied solvent for recycling or responsible waste disposal.
Concentration	Most effective when used undiluted. May also be emulsified in water for immediate use with lighter cleaning tasks such as film removal or spot cleaning.
Dwell time/Operation time	5 to 30 minutes, according to the amount of soil. Do not apply to hot surfaces.
Mechanical action	Scrubbing and wiping recommended to remove stubborn deposits.
Rinsing	Allow product to dwell before rinsing. High-pressure, ambient temperature water is recommended.

PHYSICAL PROPERTIES

		INCOMPATIBILITY	
Appearence	Clear, yellow liquid		
Odour	Citrus/solvent	Acids, strong oxidizing agents	
Specific gravity @ 20°C	0.825-0.835		
Viscosity	Not available	WAREHOUSING PRECAUTIONS	
рН	Not applicable	Keep containers tightly closed away	
Flash point (TCC)	47°C (116.6°F)	from direct sunlight in a dry, cool and well-ventilated place	
Water solubility	Emulsifies		
Boiling point	Not available	able AVAILABLE SIZES	
Freezing point	Approx. <u>≤</u> -40°C (-40°F)		
Foaming tendency	Non-foaming		
Rinsing	Excellent	20L 205L	
Concentration monitoring techniques	Not available		

IMPORTANT

Before using ENVIROSOL PLUS, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/ attention.

Skin contact

Wash with plenty of water. If skin irritation or rash occurs, get medical advice/ attention. Take off contaminated clothing and wash before reuse.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/ physician if you feel unwell.

Ingestion

Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.
