

## FOAM-EZE HC

### HIGH FOAMING ALKALINE CLEANER

**FOAM-EZE HC** is a foaming product designed to clean accessible exterior surfaces in the agricultural and horticultural industry.

**FOAM-EZE HC** is a high performance product designed for stubborn deposits such as baked or dried food, animal and vegetable deposits, and other stubborn soils.

### FEATURES AND BENEFITS

- High alkalinity
- High foaming
- Compatible with chlorine
- Solvent free
- High performance product for difficult tasks
- May be used in compressed air or manual foaming systems
- The foam clings strongly to surfaces over a long period of time

### DIRECTION FOR USE

|                                  |   |
|----------------------------------|---|
| <b>Equipment to be treated</b>   | Agricultural and horticultural equipment and premises: hatcheries, barns and greenhouses that are very soiled such as floors, walls, ceilings and other highly soiled surfaces. |
| <b>Soils to be removed</b>       | Animal and vegetable soil.  |
| <b>Use procedure</b>             | Manually remove a maximum of soil. Rinse surfaces with water. Apply <b>FOAM-EZE HC</b> . Allow to dwell then rinse with potable water.  |
| <b>Concentration</b>             | Between 0.1% and 4% (1 ml to 40 ml/litre of water) according to degree of soil  |
| <b>Temperature</b>               | Between 5°C and 60°C (41 to 140°F) when applied as foam.  |
| <b>Dwell time/Operation time</b> | Between 5 to 25 minutes.  |
| <b>Mechanical action</b>         | Scrubbing or brushing recommended.  |
| <b>Rinsing</b>                   | Rinse well to remove all traces of product.   |
| <b>Reuse/recycling</b>           | Not possible with this technique.   |

# FOAM-EZE HC HIGH FOAMING ALKALINE CLEANER

## PHYSICAL PROPERTIES

|                                     |                                    |
|-------------------------------------|------------------------------------|
| Appearance                          | Clear, brown liquid                |
| Odour                               | Faint detergent                    |
| Specific gravity @ 20°C             | 1.20                               |
| Viscosity                           | < 10 cps                           |
| pH                                  | > 13.5                             |
| Flash point (TCC)                   | None                               |
| Water solubility                    | Complete                           |
| Auto ignition temperature           | None                               |
| Chlorine                            | None                               |
| Boiling point                       | 100°C                              |
| Freezing point                      | Not available                      |
| Foaming tendency                    | High                               |
| Concentration monitoring techniques | Electrical conductivity, titration |
| Rinsing                             | Excellent                          |

## INCOMPATIBILITY

Strong acids

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

## AVAILABLE SIZES

|   |   |   |
|---|---|---|
|  |  |  |
| 20L   | 205L  | 1000L   |

ETIMAD HALAL

930

## IMPORTANT

Before using **FOAM-EZE HC**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

### Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

### Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
