

FOAM-EZE PLUS

FOAMING ALKALINE CLEANER

FOAM-EZE PLUS is a heavy-duty high foaming alkaline cleaner used to dislodge dried or baked food deposits.

It is particularly recommended for the poultry industry where deposits are difficult to remove with usual chemical products.

FEATURES AND BENEFITS

- High foaming
- Solvent free
- Moderate caustic alkalinity
- Completely water soluble
- Non-chlorinated
- Very powerful

DIRECTION FOR USE

Equipment to be treated	Food processing equipment surfaces
Soils to be removed	Food deposits,vegetable,organic.
Use procedure	Remove all food debris, rinse surfaces with hot water and apply a foam solution of FOAM-EZE PLUS with appropriate equipment.
Concentration	0.1% to 10% (1 to 100 ml/l).
Temperature	5°C to 60°C (41 to 140°F).
Dwell time/Operation time	Between 2 and 5 minutes.
Mechanical action	Scrubbing will enhance the result.
Rinsing	Rinse all food contact surface with potable water.
Reuse/recycling	Not possible.

FOAM-EZE PLUS FOAMING ALKALINE CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, pale yellow liquid
Odour	Faint detergent
Specific gravity @ 20°C	1.13
Viscosity	< 10 cps
pH	> 13.5
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Electrical conductivity, refractive index, titration
Rinsing	Excellent

INCOMPATIBILITY

Strong acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

		
20L	205L	1000L

IMPORTANT

Before using **FOAM-EZE PLUS**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION
