

FOAM-EZE SF

HIGH FOAMING ALKALINE CLEANER

FOAM-EZE SF is a heavy-duty high foaming alkaline cleaner used to dislodge dried or baked deposits.

FOAM-EZE SF is particularly recommended for the agri-food industry where deposits are difficult to remove with usual chemical products.

FEATURES AND BENEFITS

- Abundant and lasting foam
- Solvent free
- Moderate caustic alkalinity
- Completely water soluble
- Non-chlorinated
- Very powerful

DIRECTION FOR USE

Equipment to be treated	Processing equipment surfaces.
Soils to be removed	Food, vegetable and organic deposits.
Use procedure	Remove all debris, rinse surfaces with hot water and apply a foam solution of FOAM-EZE SF with appropriate equipment.
Concentration	0.1% to 10% (1 to 100 ml/l).
Temperature	5°C to 60°C (41 to 140°F).
Dwell time/Operation time	Between 2 and 5 minutes.
Mechanical action	Scrubbing will enhance the result.
Rinsing	Rinse all food contact surfaces with potable water
Reuse/recycling	Not possible.

FOAM-EZE SF HIGH FOAMING ALKALINE CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, pale yellow liquid
Odour	Faint detergent
Specific gravity @ 20°C	1.14
Viscosity	< 10 cps
pH	> 13.5
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Titration
Rinsing	Excellent

INCOMPATIBILITY

Strong acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
	20L	205L	

IMPORTANT

Before using **FOAM-EZE SF**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION
