

FOAM-IT

SANITIZER FOR FOAM CARPET

FOAM-IT is a quaternary ammonium sanitizer with strong foaming power, especially formulated for foam carpet production, intended to protect access to specific areas.

FOAM-IT replaces boot dip basins and screens.

Ensures freshness of sanitizing solution since **FOAM-IT** remains active as long as the foam is visible.

FEATURES AND BENEFITS

- Abundant foam
- Low viscosity
- Chemically stable
- Easy to measure out.
- Pleasant to use since it is odourless and colorless.
- Non-corrosive

DIRECTION FOR USE

Equipment to be treated	Work boots entering specific areas.
Use procedure	With the use of a measuring and automatic or manual foaming production system, coat the surface in front of access doors to food processing areas with a thick layer of FOAM-IT solution. Repeat as often as needed, to maintain the foam carpet at all times.
Concentration	From 1.0 to 4.0% v/v.
Temperature	Not applicable.
Dwell time/Operation time	None.
Rinsing	None.
Reuse/recycling	No.

FOAM-IT SANITIZER FOR FOAM CARPET

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Faint detergent
Specific gravity @ 20°C	1.0
Viscosity	< 10 cps
pH	9
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	Not available
Foaming tendency	High
Concentration monitoring techniques	Titration
Rinsing	Excellent

INCOMPATIBILITY

Strong oxidizers

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
20L	205L		

ETIMAD HALAL

IMPORTANT

Before using **FOAM-IT**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

PERSONAL PROTECTION
