

GRAFIKLEEN® R303

U.V. INK CLEANER

GRAFIKLEEN R303 is uniquely formulated to remove u.v. inks and coatings from flexographic, lithographic and dry offset presses.

GRAFIKLEEN R303 is as effective as mineral spirits, naphtha, and alcohol in the cleaning of u.v. inks, uncured varnishes, lacquers and adhesives and is almost odorless.

FEATURES & BENEFITS

- Safer than conventional solvents
- Highly effective
- Multiple uses
- Safer for employees to use
- Cost effective
- Fast cleaning
- High closed cup flash point
- Fast evaporating

DIRECTIONS FOR USE

Use procedure

Apply GRAFIKLEEN R303 to blankets, rollers, aniloxes and plates via a well rung out rag or spray applicator. For less start-up waste, give a dry wipe to ensure that the solvent has fully evaporated before start-up.

GRAFIKLEEN® R303 U.V. INK CLEANER

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Solvent
Specific gravity @ 20°C	0.83
Viscosity	<10 cps
pH	Not applicable
Flash point (TCC)	40°C
Water solubility	Insoluble
Auto ignition temperature	Not available
Boiling point	160°C
Freezing point	<- 40°C
Foaming tendency	Not applicable
Concentration monitoring techniques	Not applicable
Rinsing	Not applicable

INCOMPATIBILITY

Strong oxidizing agents

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

		
20L	205L	

IMPORTANT

Before using **GRAFIKLEEN R303**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Call a physician if irritation persists.

Skin contact

Wash with plenty of water. If skin irritation or rash occurs, get medical advice/attention. Take off contaminated clothing and wash it before re-use.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Ingestion

Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.
