

GRAFIKLEEN® R845

INK & COATING REMOVER

GRAFIKLEEN R845 is an ink and coating remover with a higher flash point than traditional ink and coating removers.

GRAFIKLEEN R845 is also excellent for removing adhesives. The solvent present in **GRAFIKLEEN R845** is as effective as xylene, mineral spirits, naphta and alcohols in the cleaning of solvent soluble inks and coatings.

The high flash point of **GRAFIKLEEN R845** represents a significant reduction in the fire and explosion hazards that typically accompany this type of product.

FEATURES & BENEFITS

- High flash point (62°C)
- Contains no CFC
- Multiples uses
- Fast cleaning
- Cost effective
- Safe for users

DIRECTIONS FOR USE

Use procedures

VOC (method 24) 100%, 750 lbs/gal., 900gms/l

For the removal of hardened inks and adhesives, apply **GRAFIKLEEN R845** by coarse spray or rag and allow to dwell for a short time. Some brushing or agitation may be necessary in areas with a heavy build-up.

Remove **GRAFIKLEEN R845** by wiping area with either a dry rag or mop. In some instances, a rag or a mop slightly saturated with **GRAFIKLEEN R845** may be beneficial.

GRAFIKLEEN R845 can also be used in immersion cleaning. Temperatures should not exceed 43°C.

GRAFIKLEEN® R845 INK & COATING REMOVER

PHYSICAL PROPERTIES

Appearance	Clear, light yellow liquid
Odour	Aromatic solvent
Specific gravity @ 20°C	0.895
Viscosity	<10 cps
pH	Not applicable
Flash point (TCC)	62°C
Water solubility	Insoluble
Auto ignition temperature	Not available
Boiling point	>148°C
Freezing point	Not available
Foaming tendency	Not applicable
Concentration monitoring techniques	Not applicable
Rinsing	Not applicable

INCOMPATIBILITY

Strong oxidizing agents

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
20L	205L		

IMPORTANT

Before using **GRAFIKLEEN R845**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Call a physician if irritation persists.

Skin contact

Wash with plenty of water. If skin irritation or rash occurs, get medical advice/attention. Take off contaminated clothing and wash it before re-use.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Ingestion

Do NOT induce vomiting. Immediately call a POISON CENTER or doctor/physician.
