

## HIFOAM

HIGH FOAMING AND STRONG CLINGING  
ALKALINE CLEANER

**HIFOAM** is a heavy-duty, very high foaming alkaline cleaner used for cleaning stables, animal housing, buildings and equipment.

With a prolonged contact time of up to 30 minutes, **HIFOAM** is very effective on heavy soil and helps saving labour time and water.

## FEATURES AND BENEFITS

- Phosphate free
- Abundant, lasting and thickening foam
- EDTA free
- High alkalinity
- Completely water soluble
- Non-chlorinated
- Very powerful
- Biodegradable

## DIRECTION FOR USE

### Use procedure

Remove heavy accumulations of debris and waste matter.

Pre-rinse with high pressure hot water and apply foaming solution of **HIFOAM** with the appropriate equipment. Allow to dwell for 5 to 30 minutes and rinse thoroughly with hot water to ensure complete removal of any product residue.

Use high pressure whenever possible.

Solution strength can vary between 0.5% and 3% (5ml to 30ml/L) of **HIFOAM**.

Apply as a foam, either hot or cold. Treated surfaces which may contact food products must be rinsed with potable water.

# HIFOAM HIGH FOAMING AND STRONG CLINGING ALKALINE CLEANER

## PHYSICAL PROPERTIES

Appearance	Clear, pale yellow liquid
Odour	Fresh detergent
Specific gravity @ 20°C	1.13
Viscosity	<10 cps @ 25°C
pH	>13.5
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	None
Chlorine	None
Boiling point	100°C
Freezing point	-5°C
Foaming tendency	Very high
Concentration monitoring techniques	Titration
Rinsing	Excellent

## INCOMPATIBILITY

Strong acids

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

## AVAILABLE SIZES

		
20L	205L	1000L

## IMPORTANT

Before using **HIFOAM**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

### Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

### Inhalation

Remove person to fresh air and keep comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
