

# HyTECH 2000

## MULTI-PURPOSE CLEANER

**HyTECH 2000** is a versatile cleaner and degreaser suitable for various transportation cleaning tasks. It is effective for removing road grime from the exterior of buses, trucks, and cars using pressure washing equipment.

**HyTECH 2000** is also ideal for steam cleaning greasy mechanical components found in engine compartments. This general-purpose cleaner and degreaser will penetrate and lift heavy oily and greasy soils from floors, walls and painted surfaces while being safe for use on carpet, vinyl, and gel-coat finishes when properly diluted.

## FEATURES & BENEFITS

- Mild alkalinity, making it safe for use on soft metals, surface coatings, and finishes
- Effective formulation: despite its low alkalinity, it remains effective in cleaning and degreasing tasks
- Phosphate-free formulation
- Safe for all types of pressure washers and steam cleaners
- Compatible with the bacterial cultures used in wastewater treatment systems
- Moderate foaming action, ideal for water recycling systems.

## DIRECTIONS FOR USE

### Use procedure

Apply the solution to the soiled area using a low-pressure sprayer, pressure washer, or a steam cleaner. Allow sufficient time to loosen tough soils. For particularly stubborn grime, a gentle brushing may be necessary. Rinse surface thoroughly with water.

### Concentration

5:1 to 10:1 for heavy-duty degreasing applications  
 20:1 to 50:1 for light duty manual cleaning  
 100:1 to 200:1 for high-pressure washing and steam cleaning

### Use temperature

Can be used in both hot and cold-water cleaning applications. For best results, hot water (50°C – 60°C / 120°F – 140°F) is recommended.

### Rinsing

High pressure hot water is recommended.

# HYTECH 2000 MULTI-PURPOSE CLEANER

## PHYSICAL PROPERTIES

Appearance	Clear, blue-green liquid
Odour	Mild, detergent
Specific gravity @ 20°C	1.058 – 1.078
Viscosity	Not available
pH	10.0 – 11.0
Flash point (TCC)	69°C (156°F)
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Not available
Foaming tendency	Moderate
Concentration monitoring techniques	Electrical conductivity, titration
Rinsing	Excellent

## INCOMPATIBILITY

Strong oxidizing agents

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed away in a dry, cool, and well-ventilated place

## AVAILABLE SIZES

			
20L	115L	205L	1040L

## IMPORTANT

Before using **HYTECH 2000** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention immediately.

### Skin contact

Wash with plenty of water. If skin irritation occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

### Inhalation

If difficulties occur after mist, vapors, or spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

### Ingestion

Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.
