

LEMON LITE

MANUAL DISHWASHER DETERGENT

LEMON LITE is a synergistic blend of surface active agents which rapidly remove all traces of grease, foodstuffs and soil on dishes, but is gentle on hands and skin due to an effective skin softening emollient incorporated into the product. An excellent foaming, uniquely formulated liquid dishwashing detergent for hand dishwashing.

LEMON LITE produces a rich stable foam that quickly cuts grease and grime and prevents it from redepositing on flatware, pots, pans and dishes.

FEATURES & BENEFITS

- Contains skin emollients
- High-foaming

DIRECTIONS FOR USE

Concentration	Between 1:4 – 1:8 or 12 – 25% v/v with water.
Mechanical action	Scrubbing and rinsing recommended to remove stubborn deposits.
Rinsing	Hot water.

LEMON LITE MANUAL DISHWASHER DETERGENT

PHYSICAL PROPERTIES

Appearance	Clear, yellow liquid
Odour	Lemon/citrus
Specific gravity @ 20°C	1.040-1.050
Viscosity	Not available
pH	7.0-8.0
Flash point (TCC)	None
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Approx. 0°C (32°F)
Foaming tendency	High
Rinsing	Excellent
Concentration monitoring techniques	Conductivité, titrage

INCOMPATIBILITY

Acids, bases, strong oxidizing agents

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
4 X 4L	20L
