

LUBE-IT

ASPHALT RELEASE AGENT

LUBE-IT is a water-based release agent formulated to prevent asphalt clinging to truck boxes and handling tools in the road paving industry.

LUBE-IT is 100% biodegradable and environmentally friendly. Unlike petroleum distillates and biodiesel, **LUBE-IT** does not dissolve asphalt binders and will not compromise the structural or compositional integrity of the paving mix.

LUBE-IT contains biodegradable surfactants, ensuring that the product can be rinsed readily from surfaces, using hot or cold water.

FEATURES AND BENEFITS

- Water based, VOC-free and 100% biodegradable
- Non-flammable, non-toxic and environmentally friendly formulation
- Will not dissolve or compromise the asphalt mix
- Easily rinsed from surfaces

DIRECTION FOR USE

Use procedure	Apply to the truck box with a low-pressure spray applicator, prior to loading the asphalt.
Concentration	LUBE-IT is typically diluted with water 2:1
Rinsing	High pressure hot water is recommended.

PHYSICAL PROPERTIES

Appearance	Clear blue liquid
Odour	Odorless
Specific gravity @ 20°C	0.990-1.010
Viscosity	Not available
pH	7.0 – 8.0 (10 % v/v in water)
Flash point (TCC)	None
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Approx. 0°C (32°F)
Foaming tendency	Non-foaming
Concentration monitoring techniques	Not determined
Rinsing	Excellent

INCOMPATIBILITY

None known

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
20L	205L	1000L	

IMPORTANT

Before using **LUBE-IT** always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical attention.

Skin contact

Take off contaminated clothing and rinse skin with plenty of water. If skin irritation occurs, get medical advice/attention. Wash any contaminated clothing before re-use.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Ingestion

Do not induce vomiting unless directed by medical personnel. Rinse mouth with water and drink 1 or 2 glasses of water and call a doctor/physician if you feel unwell.
