# **PENETONE CFW3**

Foaming alkaline cleaner

**PENETONE CFW3** is designed to clean accessible surfaces in the food industry. It is a high performance product designed for stubborn deposits such as baked or dried food, liquid deposits in smokes houses and other stubborn debris.

The abundant foam feature allows **PENETONE CFW3** to be used in compressed air or aspiration foaming systems.

The foam produced by **PENETONE CFW3** clings to surfaces allowing a longer contact time.

# FEATURES AND BENEFITS

- High alkalinity
- High foaming
- Low viscosity
- Solvent free
- Heavy duty for the most difficult tasks

## DIRECTION FOR USE

All equipment used in the food industry that are soiled with stubborn deposits such as ham trees, natural or liquid smoke houses, convection ovens or all other surfaces which require a heavy duty product.
Baked or dried protein deposits, smoke deposits found on the walls of smoke houses.
Manually remove a maximum of soil. Rinse surfaces with hot water. Apply <b>PENETONE CFW3</b> to surfaces. Allow to dwell then rinse with high pressure.
Between 0.1% and 4% (1 ml and 40 ml/l).
Between 5°C and 60°C (41 and 140°F).
Between 5 and 25 minutes.
Scrubbing or brushing is recommended.
Rinse all food contact surfaces with potable water.
Not possible.

# PENETONE CFW3 FOAMING ALKALINE CLEANER

## PHYSICAL PROPERTIES

PROPERTIES		
Appearence	Clear, amber liquid	INCOMPATIBILITY
Odour	Faint detergent	Acids, aluminum, zinc
Specific gravity @ 20°C	1.33	
Viscosity	Not available	WAREHOUSING PRECAUTIONS
рН	> 13.5	Keep containers tightly closed in a dry,
Flash point (TCC)	None	cool and well-ventilated place
Water solubility	Complete	
Auto ignition temperature	None	AVAILABLE SIZES
Chlorine	None	
Boiling point	100°C	
Freezing point	Not available	20L 205L
Foaming tendency	High	202 2032
Concentration monitoring techniques	Electrical conductivity, titration	
Rinsing	Excellent	Food and beverage industry
		industry accepted

### IMPORTANT

Before using **PENETONE CFW3**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

# FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/ physician.

## Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/ shower. Wash contaminated clothing before reuse.

### Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

## Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
