

# PREMISE DEGREASER

## CHLORINATED DEGREASER

**PREMISE DEGREASER** is an industrial strength, highly concentrated, foaming cleaner with added chlorine. It may be used in compressed air or manual foaming systems.

**PREMISE DEGREASER** penetrates and lifts a wide variety of soils including oils, fats, grease and proteins and the foam clings strongly to surfaces over a long period of time.

## FEATURES & BENEFITS

Use in an industrial foamer. For most cleaning operations, the proportioning device in the foamer should be set to dilute the concentrate approximately 1 part of concentrate to 10-20 more parts of water. Let foam remain on surface approximately 5 minutes. Rinse with hot water and drain completely after use.

## DIRECTIONS FOR USE

<b>Use procedure</b>	Use in an industrial foamer.
<b>Concentration</b>	For most cleaning operations, the proportioning device in the foamer should be set to dilute the concentrate approximately 1 part of concentrate to 10-20 more parts of water.
<b>Dwell time/Operation time</b>	Let foam remain on surface approximately 5 minutes.
<b>Rinsing</b>	Rinse with hot water and drain completely after use.

# PREMISE DEGREASER

CHLORINATED DEGREASER

## PHYSICAL PROPERTIES

Appearance	Clear, light green liquid
Odour	Faint chlorine
Specific gravity @ 20°C	1.16
Viscosity	<10 cps
pH	13
Flash point (TCC)	None
Water solubility	Complete
Boiling point	100°C (212°F)
Freezing point	Not available
Foaming tendency	High
Rinsing	Excellent
Concentration monitoring techniques	Electrical conductivity, titration

## INCOMPATIBILITY

Acids

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place

## AVAILABLE SIZES

		
20L	205L	

## IMPORTANT

Before using **PREMISE DEGREASER**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.

### Skin contact

Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

### Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.
