

PROZYME GT

BIOLOGICAL GREASE TRAP ADDITIVE

PROZYME GT is a ready to use proprietary bio-formulation designed specifically to eliminate organic waste and unpleasant odours in grease traps and drain lines.

PROZYME GT contains non-toxic, non-pathogenic bacteria that digest and liquefy dead organic waste such as fat, grease, proteins and other food-based particles.

FEATURES AND BENEFITS

- Ready to use
 - Highly concentrated bacterial formulation
 - Ecologo certified formulation available with the product
- ENVIRO TRAP**
- Significantly reduces the need for grease trap pumpouts
 - Eliminates disagreeable odours
 - Converts organic matter into carbon dioxide and water
 - No effect on PVC / plastic piping

DIRECTIONS FOR USE

Use procedure

GREASE TRAP

PROZYME GT can be poured manually into the trap or injected with an automatic dispensing system. Dosage may vary depending on the size of the trap and soil load. Contact your local West Penetone sales representative for the necessary equipment and dosage rates for your grease trap.

DRAINS

Pour product at a rate of 4 – 8 oz or approximately 120 - 240 ml or approximately 1/2 – 1 cup per week directly into the drain.

NOTE: performance may be affected in pH conditions under 5 or over 9.8.

PROZYME GT BIOLOGICAL GREASE TRAP ADDITIVE

PHYSICAL PROPERTIES

Appearance	Opaque, white liquid
Odour	Detergent
Specific gravity @ 20 °C	1.000-1.010
Viscosity	Not available
pH	7.0-8.0
Flash point (TCC)	None
Water solubility	Complete
Auto ignition temperature	Not available
Boiling point	Approx. 100°C
Freezing point	Approx. 0°C
Foaming tendency	Non-foaming
Concentration monitoring techniques	Not applicable
Rinsing	Not applicable

INCOMPATIBILITY

Strong oxidizing agents, acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
	20L		

IMPORTANT

Before using **PROZYME GT**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.

Skin contact

Wash with plenty of water. If skin irritation occurs: get medical advice/attention.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Ingestion

Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.
