

REDNECK

SOLVENT DEGREASER

REDNECK is a petroleum based emulsifiable solvent designed for cold degreasing. It is formulated to cut through the heavy accumulations of oils, greases, waxes and asphalt deposits typically encountered in the oil patch.

Parts and equipment can be easily cleaned by spraying, brushing or soaking with **REDNECK** followed by steam cleaning or pressure washing.

This product is ready to use and is more cost effective than typical cold degreasing solvents.

FEATURES & BENEFITS

- Quickly penetrates and disperses asphaltenes, wax and heavy oil deposits
- Can be diluted for light cleaning
- Blended with surfactants that ensure easy rinsing and quick separation of oil and water phases in waste

DIRECTIONS FOR USE

- Use procedure** **REDNECK** can be used at full strength for dried heavier deposits and may be diluted with diesel, kerosene or Varsol for lighter cleaning requirements. For greatest effectiveness, it is best to clean with **REDNECK** prior to water-based washing procedures. Ask your sales representative for more information.
- Concentration** Use full strength for most effective cleaning, especially with heavy deposits. For light degreasing mix 1 part **REDNECK** with 1 to 4 parts of diesel, kerosene, Varsol or other available distillate.
- Dwell time/Operation time** Heavy deposits may require extended soaking times along with some brushing.
- Use temperature** **REDNECK** is ideal for cold degreasing applications. Do not use on hot surfaces.
- Rinsing** Rinse thoroughly with high-pressure water as needed.

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Petroleum/solvent
Specific gravity @ 20°C	0.785 – 0.805
Viscosity	Not available
pH	Not applicable
Flash point (TCC)	45°C (113°F)
Water solubility	Emulsifies
Boiling point	Approx. 104°C (304°F)
Freezing point	Not available
Foaming tendency	Moderate
Rinsing	Excellent
Concentration monitoring techniques	Not applicable

INCOMPATIBILITY

Strong oxidizing agents, acids

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away in a dry, cool and well-ventilated place

AVAILABLE SIZES

			
20L	205L	1000L	

IMPORTANT

Before using **REDNECK**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical advice/attention immediately.

Skin contact

Wash with plenty of water. Take off contaminated clothing and wash before reuse. If skin irritation occurs, get medical advice/attention.

Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

Ingestion

Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician immediately.
