

SCALEX 10

LOW-FOAMING MINERAL SCALE REMOVER

SCALEX 10 is a low-foaming, inhibited acid cleaner designed for removing various forms of mineral and mill scale from a variety of systems and units including warewash equipment, heat exchangers, steam lines, and boiler elements.

The added surfactant promotes rapid surface wetting and uniform surface reaction to provide optimum scale removal without localized pitting or corrosion.

FEATURES & BENEFITS

- Contains added corrosion inhibitor
- Low foaming
- Contains added surfactant for uniform surface wetting
- Very rapid action
- Effective on tough scale build-ups
- Rapid and uniform wetting properties prevents localized pitting and corrosion

DIRECTIONS FOR USE

Use procedure

Use **SCALEX 10** as part of a manual or low-pressure application or circulation procedure. Where applicable, scour or brush stubborn deposits. Consult with your local West Penetone sales representative for procedures best suited for your application.

Concentration

For low-pressure applications or circulation procedures, a 15% v/v dilution with water is recommended, depending on the amount of scale to be removed.

Use temperature

Effective in both hot and cold water.

Dwell time/Operation time

Allow for complete removal of scale deposits before final rinsing.

Rinsing

Cold water is recommended.

SCALEX 10 LOW-FOAMING MINERAL SCALE REMOVER

PHYSICAL PROPERTIES

Appearance	Clear, colorless liquid
Odour	Acidic
Specific gravity @ 20°C	1.080-1.090
Viscosity	Not available
pH	<1.0
Flash point (TCC)	None
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Approx. -15°C (5°F)
Foaming tendency	Low
Rinsing	Excellent
Concentration monitoring techniques	Not determined

INCOMPATIBILITY

Strong or chlorinated alkali, amphoteric or light metals

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place, away from incompatible materials.

AVAILABLE SIZES

			
4L	20L	205L	1000L

IMPORTANT

Before using **SCALEX 10**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

FIRST AID MEASURES

Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a POISON CENTER or doctor/physician.

Skin contact

Take off immediately all contaminated clothing. Rinse skin with water/shower. Wash contaminated clothing before reuse.

Inhalation

Remove victim to fresh air and keep at rest in a position comfortable for breathing. Immediately call a POISON CENTER or doctor/physician.

Ingestion

Do not induce vomiting. Drink 1 or 2 glasses of water. Call a physician or Poison Control Centre immediately. Never give anything by mouth to an unconscious person.
