

## SOFT N LO

### FABRIC SOFTENER & PH REDUCER

**SOFT N LO** is a pH-reduced laundry fabric softener used for softening fabrics, preventing static cling and controlling pH by neutralizing excess alkalinity, without yellowing fabrics. It also reduces effective drying time by up to 25% to reduce overall fabric wrinkling.

### FEATURES & BENEFITS

- Pleasant fragrance
- Safe on natural and synthetic fabrics
- Provides up to a 25% reduction in drying time
- Reduces fabric wrinkling
- Will not yellow white fabrics

### DIRECTIONS FOR USE

#### Use procedure

Add **SOFT N LO** via automatic injection pump system directly to rinse cycle. For optimum results, use in combination with West Penetone line of laundry care products.

#### Concentration

Preliminary recommendations include 30 to 60 ml or approximately 1/8 to 1/4 cup per 50 lb load. Precise dosages are dependent on water quality and laundry program procedures including type and concentration of alkali builder used in the wash cycle. Contact your West Penetone laundry care specialist for further information.

#### Use temperature

Effective in both hot and cold water.

# SOFT N LO

FABRIC SOFTENER & PH REDUCER

## PHYSICAL PROPERTIES

Appearance	Opaque, blue liquid
Odour	Fresh
Specific gravity @ 20 °C	1.010-1.040
Viscosity	Not available
pH	1.8-2.6
Flash point (TCC)	None
Water solubility	Complete
Auto Ignition Temperature	Not available
Boiling point	Approx. 100°C (212°F)
Freezing point	Approx. -5°C (23°F)
Foaming tendency	Non-foaming
Rinsing	Excellent
Concentration monitoring techniques	Not available

## INCOMPATIBILITY

Strong oxidizing agents, bases, amphoteric or light metals

## WAREHOUSING PRECAUTIONS

Keep containers tightly closed away from direct sunlight in a dry, cool and well-ventilated place

## AVAILABLE SIZES

			
20L	60L	205L	

## IMPORTANT

Before using **SOFT N LO**, always be sure to read and follow precautions and directions for use appearing on the product's container label, and on the safety data sheet (S.D.S).

## FIRST AID MEASURES

### Eye contact

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: get medical advice/attention.

### Skin contact

Wash with plenty of water. If skin irritation or rash occurs, get medical advice/attention. Take off contaminated clothing and wash before reuse.

### Inhalation

If difficulties occur after mist/vapors/spray has been inhaled, remove person to fresh air and keep comfortable for breathing. Call a POISON CENTER or doctor/physician if you feel unwell.

### Ingestion

Rinse mouth. Do NOT induce vomiting. Call a POISON CENTER or doctor/physician if you feel unwell.
