

SWEET PEE

DEODORIZER

SWEET PEE is an odor control additive, designed for use in portable toilet holding tanks. **SWEET PEE** is formulated with a high concentration of cherry perfume to effectively masks unpleasant odors.

Additionally, **SWEET PEE** contains special additives to limit the overgrowth of the bacteria that produce the unpleasant odors. The intense blue color of **SWEET PEE** conceals the waste contained in the holding tank, ensuring a more pleasant experience for users.

FEATURES & BENEFITS

- Effectively controls odors control by masking unpleasant smells with a pleasant cherry fragrance
- Contains additives to curb the production of more malodorous compounds, from bacterial overgrowth
- Intense blue colour hides waste inside holding tanks

DIRECTIONS FOR USE

Use procedure

For the best results, add **SWEET PEE** to water in a clean holding tank before the portable toilet is in use. Once the tank is in use, continue adding Sweet Pee regularly as needed to maintain effective odour control.

Concentration

Initial dosage: 30 to 90 mL of **SWEET PEE** per 10L water in the holding tank.
Maintenance dosage: as needed to maintain odor control.

Use temperature

Cold water is ideal.

c

After removing holding tank contents, rinse with cold water.

SWEET PEE DEODORIZER

PHYSICAL PROPERTIES

Appearance	Clear, blue liquid
Odour	Cherry
Specific gravity @ 20°C	1.028-1.048
Viscosity	Not available
pH	7.0– 8.0
Flash point (TCC)	Not applicable
Water solubility	Complete
Boiling point	Approx. 100°C (212°F)
Freezing point	Not available
Foaming tendency	Non-foaming
Concentration monitoring techniques	Not applicable
Rinsing	Excellent

INCOMPATIBILITY

Strong oxidizing agents

WAREHOUSING PRECAUTIONS

Keep containers tightly closed away in a dry, cool, and well-ventilated place
